Technical Fitness

Freedom has provided electricity and natural gas brokering services in New England since 2007. We serve over 1,000 commercial customers across the deregulated markets/states, of all sizes. Our smallest customers are pizza shops and laundry mats, while our largest customers are defense contractors, education institutions and municipal governments.

Our President, August Fromuth, has served on numerous ISO and NEPOOL boards and committees and has at various times, served as Vice Chair of the End User Sector.

Freedom has approximately 1 billion kwh per year under management, making it one of the largest New Hampshire based energy brokers.

We work with almost every major electricity supplier in the New England market and we look forward to working with those same partners, once we are granted access to the PA marketplace.

Freedom has approximately 20 employees, with approximately 1/3 serving in a sales capacity.

Our plan in PA is simply a business to business out-reach, with potential to hire one or more local PA representatives down the road.

August G. "Gus" Fromuth

Energy Bio

Gus Fromuth is the Managing Director of Freedom Logistics, LLC, a New Hampshire based firm that specializes in direct enrollment of end users in NEPOOL and the New England Markets. FEL Power, as it is known, provides customers with high end energy management services in order to obtain electric power at wholesale prices. Along with colleagues, Mr. Fromuth pioneered this concept of direct end user access to the (ISO-NE) bulk power market, successfully working through the NEPOOL stakeholder process in 2003 to design and refine the ground rules for direct market participation by end users. Mr. Fromuth is also an executive of, and principal stockholder in, Halifax American Energy Company, which is licensed and operates in five New England states as a re-seller of grid electricity directly to end users. Prior to the creation of Freedom and Halifax American, Mr. Fromuth headed a natural gas marketing business that was twice ranked by INC. magazine as being among the top five hundred fastest growing enterprises in the country.

Mr. Fromuth has been an officer of NePOOL, the New England Power Pool, and served as Vice Chair of the End User Sector for four years.

Freedom Energy Logistics

Before embarking on his career in the energy industry, Mr. Fromuth was, from 1983 – 1988 the Deputy Assistant Secretary for International Trade Adjustment in the U.S. Department of Commerce. Mr. Fromuth was educated at George Washington University (BA) and Johns Hopkins School of Advanced International Studies.

Application of Freedom Logistics

Technical Fitness

Freedom has provided electricity and natural gas brokering services in New England since 2007. We serve over 1,000 commercial customers across the deregulated markets/states, of all sizes. Our smallest customers are pizza shops and laundry mats, while our largest customers are defense contractors, education institutions and municipal governments.

Our President, August Fromuth, has served on numerous ISO and NEPOOL boards and committees and has at various times, served as Vice Chair of the End User Sector.

Freedom has approximately 1 billion kwh per year under management, making it one of the largest New Hampshire based energy brokers.

We work with almost every major electricity supplier in the New England market and we look forward to working with those same partners, once we are granted access to the PA marketplace.

Freedom has approximately 20 employees, with approximately 1/3 serving in a sales capacity.

Our plan in PA is simply a business to business out-reach, with potential to hire one or more local PA representatives down the road.
