

8-8-16

Gentlemen:

C-2016-2559799

I had advised you that I had not hooked up the 110V wire at the garage.

I found I had hooked up the motion light for the tenant's night use for their car or lawnmower.

I originally stated I never hooked it up to the wire but simply left it on my 306 Golden Rd meter.

Found out I had hooked it up after all when I noticed the light not working. PP & I had turned off our power to the apartment. thus off went the light.

I might add that each tenant I had received a key to the shed for their use only.

Sorry & hope this helps my case against their "Foreign load"

Thank you
Carmel
