RE: Correction of Bond No. [REDACTED]
License Number A-2015-2470044

Dear Mr. Gartenberg:

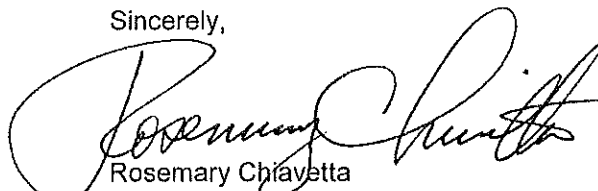

Please find under cover of this letter Bond No. 41304101 recently filed by your company with the Pennsylvania Public Utility Commission as part of a supplier's license requirements under Section 2809(c) of the Pennsylvania Public Utility Code.

While the Commission requires a supplier to file an **original** bond, letter of credit, continuation certificate, amendment, or other financial instrument, it also requires that the signature of the Principal on the financial instrument contain an original signature.

The Bond you filed does not contain a signature by the Principal for Lower Watt LLC at the bottom of the document. The document must include an original "wet" signature, preferably in blue ink, and a raised seal or original notary stamp, indicating that the Principal agrees to the security. In addition, the date indicating the instrument was signed, sealed and dated is September 22, 2016. This future date is not acceptable and must reflect the actual date the bond is signed and sealed by the Principal.

Therefore, please cure these deficiencies and file a properly executed Bond with my office within twenty (20) days of the date of this letter, preferably by overnight delivery. Failure to do so may result in the Commission taking action to revoke your license to operate in Pennsylvania.

Sincerely,

Rosemary Chiavetta
Secretary of the Commission
