Petition of Hudson Energy Services LLC : Docket No. A-2010-2192137  
For A Renewal of Reduced Bonding Level Authorization :

---

**PETITION OF HUDSON ENERGY SERVICES LLC FOR A  
RENEWAL OF REDUCED BONDING LEVEL AUTHORIZATION**

---

**I. Introduction**

1. Hudson Energy Services LLC ("Hudson" or "Company") is an electric generation supplier ("EGS") authorized by the Pennsylvania Public Utility Commission ("PaPUC" or "Commission") to provide electric generation supplier services to residential, small commercial, large commercial, industrial and governmental customers in all electric distribution company service territories within the Commonwealth of Pennsylvania. Hudson received its license to operate as an EGS by Order of February 11, 2011 at Docket No. A-2010-2192137. As a licensed EGS, Hudson is subject to the Commission's authority to require it to furnish a bond or other security in order to operate in the Commonwealth of Pennsylvania, pursuant to Section 2809(c) of the Public Utility Code ("Code") and Section 54.40 of the Commission's regulations. 66 Pa. C. S. §2809(c); 52 Pa.Code §54.40.

2. Section 54.40(d) of the Commission's regulations requires EGSs to provide a security level of 10% of the licensee's reported gross receipts. However, a licensee may seek approval from the Commission of an alternative level of bonding, commensurate with the nature and scope of its operations. 52 Pa. Code §54.40(d). According to the Commission's regulations, the purpose of the bond is to ensure payment of the Pennsylvania Gross Receipts Tax ("GRT") and to ensure the supply of electricity at the retail level in accordance with contracts, agreements or arrangements. 52 Pa. Code §54.40(f)(2). On July 24, 2014, after consideration of formal

comments submitted to a December 5, 2013 Tentative Order, the Commission found that requiring an EGS to post a bond or security in the amount of 10% of gross receipts after the first year of operation “may be excessive in relation to the risk intended to be secured, unnecessarily burdening EGSs, and presenting a potential barrier to entry into Pennsylvania’s retail electric market.”<sup>1</sup> Therefore the Commission announced in the July 24, 2014 Order that it was adopting the policy of accepting Petitions by EGSs to reduce their level of bonding/security after the first year of operation to 5% of the EGS’s most recent 12 months of gross revenue or \$250,000, whichever is higher. In addition, the July 24, 2014 Order delegated authority to review uncontested requests for a reduction in the level of bonding to the Bureau of Technical Utility Services.<sup>2</sup>

3. Based on the July 24, 2014 Order, the Code, and the Commission’s regulation at Section 54.40(d), Hudson filed a bond reduction petition to reduce its bond with the PaPUC from 10% to 5% of the Company’s most recent twelve (12) months of revenue on November 10, 2015. By Secretarial Letter dated December 22, 2015, the PaPUC granted Hudson’s bond reduction petition effective December 22, 2015. Thereafter, annually, Hudson must provide continued documentation of its eligibility for a bond reduction with the Commission’s annual bond review pursuant to 52 Pa. Code Section 54.40(d). Therefore, Hudson provides the following material in support of its request that the Commission approve a continued reduction in its security requirement to 5% of its most recent 12 months of gross revenue.

<sup>2</sup> July 24, 2014 Order at 12-13.

**II. Information Provided in Support of Bond Reduction Request**

4. This Petition includes Confidential Attachments 1 and 2. Confidential Attachment 1 provides Hudson's gross revenues for the sale of electricity to retail customers in Pennsylvania for the most recent four (4) quarters.

5. Confidential Attachment 2 is a Tax Status Letter of Good Standing obtained by Hudson from the Pennsylvania Department of Revenue ("DOR").

6. Based on the foregoing information which demonstrates that the Company is in compliance with the Commission's requirements for a security reduction renewal, Hudson requests that its bonding requirement continue to be reduced to 5% of its most recent twelve (12) months of gross revenue. This amount is reasonable and satisfies the requirements of Section 2809(c) of the Public Utility Code ("Code") and Section 54.40 of the Commission's regulations. 66 Pa.C.S. §2809(c); 52 Pa. Code §54.40.

**III. Relief Requested and Conclusion**

7. Based on its standing as an EGS licensed to do business in Pennsylvania, the Commission's regulations and the July 24, 2014 Order, Hudson respectfully requests that it be authorized to continue to maintain its current bond security on file with the Commission at 5% of its most recent twelve (12) months of revenue. Upon approval of this Petition by the Commission, Hudson's current bond on file with the Commission will comply with the Commission's bond requirements for EGSs listed in Section 55.40(f) of the Commission's regulations. 52 Pa. Code §54.40(f).

Respectfully submitted,

Dated: September 6, 2016
