Re: Bonding Requirements

Dear Mike Dowling:

PECO is aware that Chrislynn Energy has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Chrislynn Energy could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Chrislynn Energy has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Chrislynn Energy does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Chrislynn Energy or the creditworthiness requirement for PECO's exposure to Chrislynn Energy changes in the future, PECO reserves the right to require Chrislynn Energy to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Respectfully submitted,

Re: Security Requirement Bond for Chrislynn Energy Services, Inc.

Dear Mr. Dowling:

Philadelphia Gas Works ("PGW") is aware that Chrislynn Energy Services, Inc. has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Chrislynn Energy Services, Inc. must furnish acceptable security to each utility where Chrislynn Energy Services, Inc. will do business. As such, under its tariff, Philadelphia Gas Works could require Chrislynn Energy Services, Inc. to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Chrislynn Energy Services, Inc. intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Chrislynn Energy Services, Inc. will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Chrislynn Energy Services, Inc. does not need to post a bond or other form of security to operate in its service territory. If the services provided by Chrislynn Energy Services, Inc. should change, Philadelphia Gas Works reserves the right to require security from Chrislynn Energy Services, Inc. as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6405.
