

PENNSYLVANIA PUBLIC UTILITY COMMISSION
HARRISBURG, PENNSYLVANIA 17105-3265

Perry Sherman

v.

PPL Electric Utilities Corp.

Public Meeting held September 15, 2016
2499616-ALJ
Docket Nos. C-2015-2499616

MOTION OF CHAIRMAN GLADYS M. BROWN

This case involves a complaint about noise allegedly emitted by PPL Electric Utility Corporation's Susquehanna Roseland high voltage electric transmission line. Based on the evidence presented on the record, I concur with ALJ Long's dismissal of the Complaint. Although the Complainant failed to meet the burden of proof to support his Complaint, I acknowledge his frustration with the situation. There was a dearth of evidence on the record regarding standards for transmission line noise, or options for noise mitigation. I believe that these are issues that warrant further analysis by the Commission.

THEREFORE, I MOVE THAT:

1. The ALJ's Initial Decision be adopted.
2. The matter be referred to the Commission's Bureau of Technical Utility Services for further analysis and action as it deems appropriate.
3. The Office of Special Assistants prepare an Opinion and order consistent with this Motion.
