TO ALL INTERESTED PARTIES:

Re: PUC Docket No. L-00030161; Rulemaking Re Amending Electric Service Reliability Regulations at 52 Pa.Code Chapter 57.

This letter seeks to clarify an inconsistency in this Commission's Proposed Rulemaking Order entered on June 27, 2003 at L-00030161. Ordering Paragraph No. 9 states:

That all EDCs operating within the Commonwealth are directed to file quarterly reports, beginning September 30, 2003, and annual reports beginning March 31, 2004, which comply with these proposed regulatory requirements.

However, in Annex A attached to the Proposed Rulemaking Order, the proposed regulation at §57.195(d) (relating to reporting requirements) states:

An electric distribution company shall submit a quarterly reliability report to the Commission, on or before May 1, August 1, November 1 and February 1.

It was the Commission's intention that the first quarterly report of the EDCs be submitted on or before November 1, 2003, instead of what was written in Ordering paragraph No. 9.

Accordingly, we direct the EDCs operating within this Commonwealth to submit a quarterly reliability report as described in this Commission's Proposed Rulemaking Order on or before **November 1, 2003** and quarterly thereafter on February 1, 2004, May 1, 2004, August 1, 2004 and November 1, 2004, and so on until such time as a Final Rulemaking Order is entered by this Commission.

Very truly yours,

James J. McNulty
Secretary
