RECEIVED

We are writing this letter regarding the above PUC rights that were granted September 1, 2016.

We have reviewed the Safety Fitness Review Program requirements and do have questions.

Ours is a small family business for four generations. The operating rights have not been used since at least the 80's or early 90's. Our mother, who transferred the business on June 2, 2016, only ever filed a PUC Assessment form showing -0-. Our parents, (father deceased), held the PUC Number, as did my our father's father, only to maintain the PUC. They said it was of value, and to hold on to it if needed.

We are wondering if our PUC number can be held, or should we relinquish it.

We have placed several calls to the 717-772-2254 number, and left messages on the answering machine, but received no return call.

Would it be possible for someone to contact us.

Thank you
