To Whom It May Concern:

I am sending this letter in response to a complaint received from the Pennsylvania Public Utilities Commission (PUC). The complaint file is A-00117793C0601. The complaint states that respondent, Anthony Merone, has failed to maintain evidence of bodily injury and property damage liability insurance and cargo insurance on file with this Commission. In response to the complaint, I was under the impression that all proper insurances were being maintained. I have maintained an extensive insurance policy covering automobiles, liability, errors and omissions, and workmen compensation. It has been recently brought to my attention that through transfer of insurance providers the particular insurance required by the PUC was not transferred. Even without the PUC required insurance, the insurance package maintained by C & A Property Services would have been sufficient to cover any accidents that may have occurred in our line of business. As of now, I am working diligently along side my insurance providers to be sure all PUC required insurances are properly maintained. If there is any additional actions necessary to assure that this matter is resolved please notify me immediately.

Regards,

Anthony Merone
