Re: Docket No. M-2009-2123948

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

Dear Secretary Chiavetta:

In compliance with the Commission Order ("Order") entered May 6, 2013, at Docket No. M-2009-2123948, enclosed for filing, please find Supplement No. 144 to Duquesne Light Company's ("Company") Tariff-Electric, PA. P.U.C. No. 24 effective on December 1, 2016. Both clean and red-lined versions of Supplement No. 144 have been included in this submittal. Supplement No. 144 adds a section to Rule 40 detailing the fee for reconnection of a customer with a smart meter.

On June 29, 2012, Duquesne Light filed its Petition for Approval of its Final Smart Meter Plan ("Final SMP") requesting final approval from the Pennsylvania Public Utility Commission ("Commission") of its Final SMP. A Joint Petition for Approval of Full Settlement of All Issues ("Joint Petition") was filed on December 7, 2012. Within the Settlement Terms and Conditions, the Company agreed to the following:

"On or before October 1, 2016, Duquesne Light shall make a tariff filing with the Commission to reduce its restoration fee for reconnection where the remote feature is used." (Order, page 8).

By Order entered May 6, 2013, the Commission approved Duquesne Light's Petition seeking approval of its Final SMP, as modified by the Order.

The modifications reflected in Supplement No. 144 pertain to customers who have a smart meter capable of remote connection installed at their premise and provide a lower reconnect fee for resumption of electric service where resumption of service is to the same customer within a year of the service disconnection or termination. Such reconnections would not necessitate the Company to send a representative to the premises; hence the cost is reduced for these reconnections.

Reconnection Charges are defined in Rule 40 of the Company's tariff. The Company will incur the following estimated incremental costs to reconnect a residential customer with smart meter functionality at the meter:

Description of Activity	Time (hours)	Rate (\$/Hour)	Amount
Smart Meter Operations Center ("SMOC")	0.15	\$33.50	\$5.03
Customer Service Representative ("CSR")	0.25	\$35.00	\$8.75
Total Base Labor Cost			\$13.78
Overhead Rate	42%		\$5.79
Total Labor Cost			\$19.57
Proposed Tariff Charge			\$20.00

The Company is in the process of staffing the newly developed Smart Meter Operations Center to provide for the scheduling and administering activities related to smart meter functionality, thus the labor is incremental labor cost. The SMOC scope is for scheduling the day and time of the reconnection. The CSR scope is for data entry and closure of reconnection activities in the billing system. The time shown for such activity is based on the estimated time to reconnect the customer. Should the estimated time change, the Company will file a revised tariff supplement.

Should you have any questions, please feel free to contact me.

Respectfully Submitted,

Adrienne D. Kurtanich

Rule No. 40 Reconnection Charge

Issued pursuant to the Settlement Agreement in regard to the Company's Final Smart Meter Plan at Docket No. M-2009-2123948.

A \$20.00 fee has been added to Rule No. 40 Reconnection Charge for resumption of electric service where a remote capable meter has been installed and in which resumption of service is to the same customer within a year of the service disconnection or termination where service has been disconnected at the meter.

RULES AND REGULATIONS - (Continued)**DISCONTINUANCE, CURTAILMENT OR INTERRUPTION OF ELECTRIC SERVICE - (Continued)****39.2 EMERGENCY ENERGY CONSERVATION - (Continued)**

The Company may revise such procedures from time to time, and shall revise them if so required by the Pennsylvania Public Utility Commission. A copy of such procedures or of the revision thereof currently in effect shall be kept available for public inspection at each office at which the Company maintains a copy of its tariff for public inspection, and another such copy shall be kept on file with the Commission's Bureau of Conservation, Economics and Energy Planning.

40. RECONNECTION CHARGE Where service has been discontinued under the terms of Rules No. 26 through 36, inclusive, the Company reserves the right as a condition precedent to the reconnection of service to require the payment of all arrearages for Company charges and payment of a deposit as described in Rule No. 5, and to require the payment of the following appropriate reconnection charge:

- A. \$50.00 for resumption of electric service to the same customer within a year of the service disconnection or termination where service has been disconnected at the meter.
- B. \$250.00 for resumption of electric service to the same customer within a year of the service disconnection or termination where service has been disconnected at the pole.
- C. \$250.00 for resumption of electric service to the same customer within a year of the service disconnection or termination when the connection is an aerial tap.
- D. \$89.00 for reconnection of a transformer to the same General Service customer within a year of the service disconnection or termination.
- E. \$20.00 for resumption of electric service where a remote capable meter has been installed and in which resumption of service is to the same customer within a year of the service disconnection or termination where service has been disconnected at the meter. (C)

When a residential customer or residence is involved, the Company will comply with the provisions of 52 Pa. Code Chapter 56, "Standards and Billing Practices for Residential Utility Service" and 66 Pa.C.S. § 1406, "Termination of Utility Service."

Where electric service has been discontinued upon the request of the customer and where the customer requests that service be reconnected at the same location within a period of one year from the date that electric service was discontinued, the Company reserves the right as a condition precedent to the reconnection of service to require the payment of all arrearages for Company charges which will consist of the minimum charge applicable to such customer's service during the period of discontinuance.

Where electric service to a non-residential customer has been terminated under the terms of Rules No. 30 and/or 34, and such condition was the direct result of tampering, the Company reserves the right as a condition precedent to the reconnection of service to require payment of all costs incurred by the Company for investigations and inspections, and for such protective equipment deemed necessary by the Company.
