Stipulation

PROPOSED STIPULATION LANGUAGE

The undersigned parties to this proceeding, intending to be legally bound, do hereby agree that, due to the fact that the Commission Order of July 9, 1992, which commenced this proceeding, did not request a reduction in rates affecting more than 5% of the customers and amounts in excess of 3% of the total gross annual intrastate operating revenues, Section 1309(b) of the Public Utility Code does not apply to this proceeding. Any final Commission determination in this proceeding, which sets different rates or revenues for Commonwealth Telephone Company, shall not be deemed retroactive to the expiration of such nine-month period beginning with the initiation of this action pursuant to Section 1309(b).
