**Re: Petition of Duquesne Light Company For an Extension of Time and All Necessary Waivers To Implement Its Phase II Off-Cycle Switching Solution
Docket No. P-2015-2491265**

Dear Secretary Chiavetta:

This letter provides Duquesne Light Company's ("Duquesne Light") final quarterly update regarding the implementation of certain regulatory initiatives pursuant to the Pennsylvania Public Utility Commission's ("Commission") Order entered on August 20, 2015 at Docket No. P-2015-2491265. In its August 20, 2015 Order at Docket No. P-2015-2491265, the Commission granted Duquesne Light an extension of time to implement its Phase II off-cycle switching ("Phase II OCS") solution until September 1, 2016.

As of July 25, 2016, Duquesne Light implemented Phase II off cycle switching for approximately 91 percent of its eligible customer types. As of August 29, 2016, Duquesne Light successfully implemented off-cycle switching for the remainder of our customer classes including unmetered, space heating, net metering and large C&I customers.¹ Duquesne Light is pleased to report that it has successfully met all requirements of the August 20, 2015 Order.

Please free to contact me if you have any questions concerning this submittal.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Tishekia Williams", is written over the typed name. The signature is fluid and cursive, extending to the right with a long, sweeping tail.
