Dear Michael DeCaluwe:

We are pleased that Nania Energy has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Nania Energy could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Nania Energy has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Nania Energy does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Nania Energy changes in the future, Columbia Gas might deem it appropriate to require Nania Energy to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-6841 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

*Michele Caddell*

Re: Security Requirement for Nania Energy Incorporated

Dear John,

National Fuel Gas Distribution Corporation (NFGDC) is aware Nania Energy Incorporated (NEI) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, (NEI) must furnish acceptable security to each utility where (NEI) will do business. As such, under its tariff, NFGDC could require (NEI) to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that (NEI) intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, (NEI) will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, (NEI) does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by (NEI) change in the future, NFGDC reserves the right to require security from (NEI) as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7599.

Yours truly,

Re: Bonding Requirements

The Nania Energy Incorporated has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that The Nania Energy Incorporated does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by the Nania Energy Incorporated or the creditworthiness requirement for PECO's exposure to the Nania Energy Incorporated changes in the future, PECO reserves the right to require the Nania Energy Incorporated to provide a bond or other financial security instrument.

RE Nania Energy Incorporated Broker application

Dear Mr. DeCaluwe,

Based on your assertion that Nania Energy Incorporated ("NANIA") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities Inc. ("UGIU") has concluded that NANIA will not need to post security with UGI-Central Penn Gas ("CPG"), UGI-Penn Natural Gas ("PNG") or UGI Utilities Gas Division ("UGI"). This is based on the declaration that NANIA will not be taking title to gas or directly serving end use customers. This also assumes that NANIA will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU tariffs.

If NANIA wishes to directly serve Choice customers in the service territories of UGI, PNG and/or CPG in the future as a natural gas supplier, it will have to post security as specified in the respective UGI tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions that you may have.

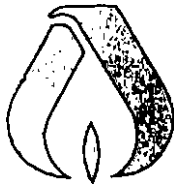

Sincerely,

David E. Lahoff  
Manager, Tariff & Supplier Administration
