David Huff
Elite Energy Group Inc.
199 Jericho Turnpike, Suite 200
Floral Park, NY 11001

Dear David Huff:

We are pleased that Elite Energy Group Inc. has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Elite Energy Group Inc. could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Elite Energy Group Inc. has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Elite Energy Group Inc. does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Elite Energy Group Inc. changes in the future, Columbia Gas might deem it appropriate to require Elite Energy Group Inc. to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-6841 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Michele Caddell

Re: Security Requirement Bond - Elite Energy Group, Inc.

Dear Mr. Huff:

Philadelphia Gas Works ("PGW") is aware that Elite Energy Group Inc. has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Elite Energy Group Inc. must furnish acceptable security to each utility where Elite Energy Group Inc. will do business. As such, under its tariff, Philadelphia Gas Works could require Elite Energy Group Inc. to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Elite Energy Group Inc. intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, Elite Energy Group Inc. will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Elite Energy Group Inc. does not need to post a bond or other form of security to operate in its service territory. If the services provided by Elite Energy Group Inc. should change, Philadelphia Gas Works reserves the right to require security from Elite Energy Group Inc. as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at (215) 684-6278.

Dear Mr. Johnston:

We are pleased that Elite Energy Group has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, Peoples TWP, and Peoples Natural Gas LLC – Equitable Division (“the Companies”).

Since Elite Energy Group is not currently serving customers on the Peoples systems, we have determined at this time that Elite Energy Group does not need a bond or other financial security requirement to provide these services to the Company’s customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company’s exposure to Elite Energy Group provision of services on the Peoples’ system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

RE: Elite Energy Group Broker Application

Dear Mr. Huff:

Based on your assertion that Elite Energy Group ("ELITE") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc. ("UGIU") has concluded that ELITE will not need to post security with UGI Central Penn Gas, Inc. ("CPG"), UGI Penn Natural Gas, Inc. ("PNG") or UGI Utilities Gas Division ("UGI"). This is based on the declaration that ELITE will not be taking title to gas or directly serving end use customers. This also assumes that ELITE will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU tariffs.

If ELITE wishes to directly serve Choice customers in the service territories of UGI, PNG and/or CPG in the future as a natural gas supplier, it will have to post security as specified in the respective UGIU tariffs prior to the commencement of service.

Please feel free to contact me with any additional questions that you may have.

David,

This is in response to your email to Dave Wolford of National Fuel Gas Distribution Corporation regarding a bonding letter.

Within the Natural Gas Supplier(NGS) License Application Package (see below - Section 6 Proof of Service page 10), there is a certificate of service that has to be submitted stating that each of the Natural Gas Distribution Companies that Applicant proposes to provide service in has to be sent a copy of the application and attachments. Once we receive a copy of Elite Energy Group Inc.'s application that is filed or going to be filed with the Pennsylvania Public Utility Commission ("PUC"), a bonding letter will be provided to you via email and/or postal service to submit to the Commission. Upon discussion with the PUC, it is my understanding that the bonding letters (Section 7), as well as the proof of publications (Section 12), can be submitted at a later date than when the original application is submitted.

Thank you,

Summary of Experience

Elite Energy Group Inc. is a well-established Energy Consulting firm based in Floral Park, NY with approved operations in New York, New Jersey, Pennsylvania, Connecticut, Massachusetts, Maryland, Michigan and Ohio.

Founded and incorporated in Port Washington, NY on May 4, 2011, Elite moved to our larger, more centralized location at the end of 2012.

In 2013, to capitalize on the deregulation of the utility market, Elite became licensed in Electric, opened a satellite office and expanded business interests into Pennsylvania.

With the formation of a mutually-promising relationship with a competitive natural gas supplier based in New Jersey, Elite became licensed and began marketing operations to commercial and industrial natural gas consumers in New Jersey in 2014. Elite leveraged the natural gas effort to begin marketing competitive third party electric programs where Elite was able to be competitive versus the general utility.

Having successfully expanded their reach into adjacent state markets, Elite then expanded marketing efforts into Connecticut, Connecticut, Massachusetts, Maryland, Michigan and Ohio.

Currently, Elite intends to continue acquiring small and medium-sized commercial and industrial clients. By applying its simple business principles of providing competitive terms and pricing, along with honest and straightforward customer service, Elite is poised to continue its steady growth.

Our business model is a simple yet effective one. We utilize an inside telemarketing staff that identifies and gains the interest of decision makers of qualified businesses. Once we earn the attention and trust of these managers and owners, we set up in person presentations for our local Field Sales Representatives.

The goal of our outside team is to identify and confirm the needs and values of our prospects, and make recommendations based on those requirements. Our outside people then contact our pricing department and request third party electric and natural gas programs that best meet the needs of our customers. The pricing department provides the outside representatives with actual contracts and the field sales rep presents the contracts to our customers. Upon their satisfaction, our customers enroll in our recommended programs and we execute the deals on their behalf.

All the while that Elite was expanding its market reach, it was expanding its product offering by initiating and maintaining relationships with more and more regional and national suppliers. By going from a few suppliers in its inaugural year to then half a dozen and then a dozen to finally, nearly two dozen, Elite is now able to access and present some of the most competitive programs in its prospective markets.

Elite Energy Group is technically and professionally fit to continue offering competitive choice products at inviting terms and rates, while satisfying its customers year after year with consistent honest service.

Summary of Customer Base

Elite Energy Group Inc. presently manages more than 2000 commercial and industrial customer accounts in seven states; New York, New Jersey, Pennsylvania (electric only), Maryland, Massachusetts, Connecticut, and Ohio.

These accounts total to equal approximately 200,000 MWh and 1,500,000 Dthms.

Our greatest market share is almost 40% in New York, followed by 15% in each of New Jersey, Maryland and Pennsylvania. The remaining 15 to 20% is spread out through New England and Ohio.

About 20% of our business is small, 70% medium-sized companies and 10% very large enterprises.
