By the Commission:

**I. PRELIMINARY MATTERS**

On August 17, 2016, Tenaska Power Management, LLC ("Applicant") filed a verified Application with the Illinois Commerce Commission ("Commission") requesting a certificate of service authority to operate as an alternative retail electric supplier ("ARES") in Illinois pursuant to Section 16-115 of the Public Utilities Act ("Act"), 220 ILCS 5/1-101 *et seq.*, and 83 Ill. Adm. Code 451 ("Part 451"). Applicant submitted its certificate of publication showing that on August 18, 2016, notice of the Application was published in the Official State Newspaper. Because all of the information necessary to act on the Application was included therein, no hearing was necessary, and it is waived.

**II. BACKGROUND AND AUTHORITY SOUGHT BY APPLICANT**

Applicant is a limited liability company under the laws of Delaware. Applicant requests a certificate of authority to operate as an ARES. Applicant seeks a certificate to serve industrial and commercial customers in the Commonwealth Edison Company service territory. Applicant is not currently licensed as an ARES in any other jurisdiction. Applicant states it is not affiliated with any utility in Illinois, and will not provide electric power and energy with property, plant and equipment that it owns, controls, or operates.

**III. REQUIREMENTS UNDER SECTION 16-115(d) OF THE ACT**

**A. General**

Applicant has certified that it will comply with all applicable regulations; that it will provide service only to retail customers eligible to take such services; that it will comply with informational and reporting requirements established by Commission rule; and that it will comply with all other applicable Federal, State, regional and industry laws, regulations, terms, and conditions required to the extent they have application to the services being offered by an ARES. Additionally, Applicant has agreed to submit good

Pursuant to the requirements of Section 451.50 of Part 451, Applicant provided in its Application a License or Permit Bond issued by a qualifying surety authorized to transact business in Illinois, Atlantic Specialty Insurance Company.

#### **B. Financial, Technical, and Managerial Requirements**

Applicant asserts that it meets the financial qualifications criteria set forth in Part 451.220(a)(1-6). Included in Attachment IV to the application is information intended to demonstrate that Applicant meets the criteria. Applicant does not seek authority to provide single-billing services, under subpart F of Part 451.

Applicant represents that it meets the technical and managerial qualifications set forth in Section 16-115(d)(1) of the Act and Sections 451.330 and 451.340 of Part 451. Attachment V and VI(a) contain information regarding the technical and managerial qualifications of Applicant's staff and its agents or contractors. Attachment VI(b) to the Application includes a corporate organizational chart. Applicant provided a telephone number and facsimile number through which it states a staff member can be reached at all times.

Because Applicant is not serving residential customers, Applicant need not ensure that marketing practices to residential customers who receive any type of low income energy assistance are followed.

#### **IV. CUSTOMER COMPLAINTS**

Applicant discloses that it is not the subject of any lawsuits that were filed in a court of law. Applicant further states that it has no other formal complaints filed with a regulatory agency alleging fraud, deception or unfair marketing practices, or other similar allegations.

#### **V. COMMISSION CONCLUSION AND CERTIFICATE OF SERVICE AUTHORITY**

The Commission has reviewed the Application and all attachments provided by Applicant regarding the technical, financial, and managerial requirements and all other requirements of the Act and Part 451 and finds that the Applicant sufficiently demonstrates compliance with the requirements.

The Commission concludes, therefore, that Applicant's request for a certificate of service authority to operate as an ARES in Illinois should be granted and should include the following authority:

#### **CERTIFICATE OF SERVICE AUTHORITY**

IT IS CERTIFIED that Tenaska Power Management, LLC is granted service authority to operate as an Alternative Retail Electric Supplier as follows:

**RECEIVED**

IT IS FURTHER ORDERED that, subject to the provisions of Section 10-113 of the Public Utilities Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject to the Administrative Review Law.
