Re: Current Status of PUC Operating Authority # A-8917436

My last contact with you was a phone call approx 2 months ago from a clerk at your office informing me that you were in receipt of my petition for Reconsideration and the notarized affidavit requested by you in your letter of 8-22-16.

I was informed that I needed to resubmit my letter of Petition for reconsideration at that time which I did.

I have received no further request for information or notification of the status of the authority granted me.

Please advise of the status of my authority as soon as possible so that I might resume making a living.

Sincerely,

R. Fred Cutaiar  
President
