2. Reference Application, Section 4.a, Applicant's Present Operations – Applicant indicated that it is currently operating in Pennsylvania as a broker/marketer of natural gas services. Please provide a detailed explanation of the services applicant is currently providing.

Answer:

AvidXchange, Inc.'s primary business is processing and paying utility bills for its customers. AvidXchange's 3rd party natural gas supply procurement consulting services are a small and ancillary aspect of AvidXchange's business and are offered as a value-add to existing medium to large commercial and industrial customers (for whom we are already processing/paying utility bills).

For customers who request our services, AvidXchange reviews utility data, contacts a supplier(s) and solicits 3rd party natural gas supply quotes. AvidXchange also assists in the contract negotiation phase of this process. Our customers are under no obligation whatsoever to follow AvidXchange's recommended course of action and ALL purchasing decisions are ultimately the choice of the customer. The contracts resulting from those decisions are always directly between the customer and the supplier (AvidXchange is NOT a party to any of these contracts, nor does it ever take title to the commodity).
