

The Commission encourages mediation if the parties cannot reach an agreement through the resolution conference. Mediation is an informal process in which the parties attempt to resolve the case with the help of a mediator. The mediator is a neutral staff member of the Commission who does not give advice, make a decision, or represent any party. Instead, the mediator assists the parties in their efforts to come to an agreement.

If the parties do not reach an agreement on their own, and do not consent to mediate, they are entitled to the hearing process. The hearing process usually includes the presentation of oral testimony and other evidence before a Commission administrative law judge, who will then consider the case and make a written decision to resolve it.

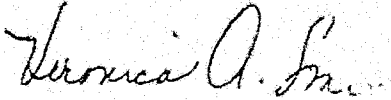

If it is not possible to have the conference by the date set for that purpose, Respondent shall file a report with the Mediator, on or before ten (10) days following the conference due date, giving the reason(s) why the due date could not be met.

In either situation, Respondent must file a report with the Mediator by the applicable due date set forth above.

If you have any questions, you should contact the Mediator. His address and phone number are:

AGREEMENT

The parties have reached the following agreement that satisfies the above-captioned Formal Complaint:

1. Solely in the interest of amicably resolving this matter and without any admission of fault, Duquesne Light Company agrees to pay Complainants the sum of \$6,570.04 (six thousand five hundred seventy dollars and four cents) upon receipt of notification that the Public Utility Commission has closed its file on this matter.
