Dear Customer:

As a homeowner in Marcel Lake Estates you have probably heard that there has been a building moratorium imposed by Delaware Township in your development since February of 2005. The reason for the moratorium is the high sewage flows due to infiltration of rain/ground water into the sanitary sewage system which has caused wastewater flow to exceed permitted amounts in wet weather.

Clean Treatment Sewage Company ("CTS") is under a mandate from the Department of Environmental Protection ("DEP") to reduce the infiltration and has been working to eliminate this problem for the past several years. Last fall, a request for 48 additional sewer hookups was submitted to Delaware Township but was denied due to the occasional inflow, which is higher than permitted in wet weather. Although CTS has been televising the sewer mains and repairing problem areas, the last several years have been wetter than normal which has caused abnormally high amounts of infiltration.

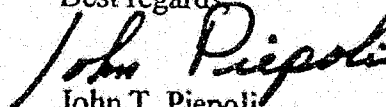

CTS, on the advice of its engineer Applied Water Management, has determined the most cost effective correction of this problem will require the conversion of the gravity sewer system to a low pressure sewer system in Sections 2, 3 & 4. The introduction of pressure into the laterals and mains would prevent the inflow of rain/groundwater into the pipes and substantially eliminate the infiltration. This conversion would affect homeowners in Sections 2, 3 and 4 of the development and would require existing homeowners to purchase a grinder pump package and electrical connection in order to connect with the new low pressure sewer main installed by CTS (which is projected to take place during the summer of 2007).

CTS engineers project this conversion to cost existing homeowners approximately \$3,000 per household for the grinder pump package. CTS has discussed this situation with the PA Public Utility Commission ("Commission") and the Office of Consumer Advocate ("OCA"). The Commission has instructed CTS to inform gravity system customers of CTS's future plans and the effect these plans could have on them. More information will be supplied in the future on the details of this project.

The benefit from introduction of this system is that Delaware Township could remove the moratorium and allow additional homes to be built in Marcel Lakes Estates. The impact of more homes will be to spread the cost of operating the CTS system over more usage customers thus reducing the level of future rate increases.

Please contact the CTS office on our toll-free line, 877-655-9882, if you have any questions.

Best regards,

TAKE NOTICE:

That a complaint in the above entitled matter, of which the attached is a true and correct copy, has been presented and filed of record with the Pennsylvania Public Utility Commission. Section 702 of the Public Utility Code, 66 Pa. C.S. Section 702, requires the Commission to serve on each party named in a complaint a copy of the complaint and notice calling upon each party to satisfy the complaint, or to answer the same in writing within a specified time; THEREFORE,

1. You have twenty (20) days from the date on which this complaint is served to either satisfy this complaint or to file with the **Secretary of the Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265**, an answer (original and three copies), in writing, under oath, which, as required by Section 5.61 of the Commission's Rules of Practice and Procedure, 52 Pa. Code Section 5.61, either affirms or specifically denies the allegations in this complaint. You must also serve a copy of the answer upon the complainant. The date of service is the mailing date as indicated by the date at the top of this Notice. Section 1.56(a) of the Commission's Rules of Practice and Procedure, 52 Pa. Code Section 1.56(a).

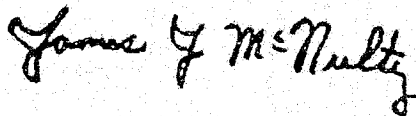

2. If you fail to either satisfy this complaint or to file answer or other responsive pleading within twenty (20) days, you will be deemed to have admitted all the allegations in this complaint in accordance with Section 5.61 of the Commission's Rules of Administrative Practice and Procedure, 52 Pa. Code Section 5.61. In that event, the Commission may, without hearing, enter an order which either revokes or suspends any certificate or permit held by you or which imposes a fine or any other appropriate penalty or remedy authorized by the Public Utility Code, 66 Pa. C.S. Section 101, et seq.; and, if

you are a customer of a utility, an order may be entered which prescribes a payment schedule or which authorizes termination of utility services. The Commission is not limited to the relief sought by the complainant in paragraph 4 of the attached complaint.

3. If you elect to satisfy this complaint you must file, within twenty (20) days from the date on which this complaint is served, affidavits executed by each complainant that this complaint has been satisfied. Such affidavits must describe the basis on which this complaint was satisfied; any settlement agreement between the parties must be reduced to writing and attached to the affidavit. Such affidavits are to be filed with the Secretary of the Commission at the address set forth in paragraph 1. Upon receipt of affidavits of satisfaction from all complainants, this complaint may be dismissed by the Commission in accordance with Section 703(a) of the Public Utility Code, 66 Pa. C.S. Section 703(a), unless the Commission determines that such dismissal would be contrary to the public interest, in which event the Commission may direct that hearings be held upon the complaint.

4. If you file an answer which admits the allegations in this complaint, or which fails to specifically deny the allegations in this complaint, the Commission may, without hearing, enter an order which either revokes or suspends any certificate held by you or which imposes a fine or any other appropriate penalty or remedy authorized by the Public Utility Code, 66 Pa. C. S. Section 101, et seq.; and, if you are a customer of a utility, an order may be entered which prescribes a payment schedule or which authorizes termination of utility services. The Commission is not limited to the relief sought by the complainant in paragraph 4 of the attached complaint.

5. If you file a timely answer which specifically denies the allegations in this complaint, or which raises material questions of law or fact, this matter shall be referred to the Office of Administrative Law Judge for hearing and decision. If, after hearing on the issues raised by that answer, you are found to have committed any of the violations alleged in the complaint, the Administrative Law Judge may render a decision which either revokes or suspends any certificate or permit held by you or which imposes a fine or any other appropriate penalty or remedy authorized by the Public Utility Code, 66 Pa. C. S. Section 101, et seq.; and, if you are a customer of a utility, an order may be entered which prescribes a payment schedule or which authorizes termination of utility services. In the imposition of a penalty after a hearing the Administrative Law Judge is not bound by the relief sought by the complainant in paragraph 4 of the attached complaint.

ANSWER

AND NOW COMES, Clean Treatment Sewage Company ("CTSC"), by its counsel Kirkpatrick & Lockhart Nicholson Graham LLP, and herein files its Answer to the aforementioned Complaint filed by John and Vera Armona, Jr. ("Complainants").

Further responding, CTSC avers as follows:

- 1. Admitted.
- 2. Admitted.
- 3. Admitted.

DOCUMENT
FOLDER

DOCKETED
APR 6 2006

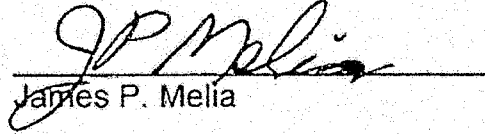

4. CTSC admits that the purchase of a grinder pump package and exterior electric hookup for all existing gravity system clients is being requested at an approximate cost of \$3,000 per customer. CTSC denies that the purchase of these grinder pumps will unduly benefit the Company. CTSC's professional engineer, Applied Water Services, has evaluated a number of different remedial systems to correct existing infiltration and inflow ("I&I"), which causes NPDES permit violations. Each of these scenarios would have required passing the cost on to customers either directly or through a significant rate increase.

Because the rates of CTSC customers are already very high, CTSC, after careful examination, decided to go with the most cost-effective resolution which would correct the I&I, maintain the viability of the system and result in the least cost to the customers. CTSC further avers that these options have been thoroughly discussed with the Commission's Office of Trial Staff and Office of Consumer Advocate who generally agreed that the grinder pump installation is the most cost-effective alternative inline with the professional engineer's study and recommendation.

Further answering, CTSC will present at the hearing to this case one or more representatives of CTSC who will demonstrate to the Administrative Law Judge the measures which have been taken to correct I&I. CTSC understands the income limitations of many of the residents and is willing to work with the residents to try to provide the least "painful" method by which to purchase the needed grinder pumps.

WHEREFORE, for all of the foregoing reasons, CTSC respectfully requests that the complaint of John and Vera Armona, Jr be dismissed.

Respectfully submitted,

James P. Melia

PUBLIC STATEMENT
OF THE CONSUMER ADVOCATE
PURSUANT TO 71 P.S. SECTION 309-4(e)

Act 161 of the Pennsylvania General Assembly, 71 P.S. § 309-2, as enacted July 9, 1976, authorizes the Consumer Advocate to represent the interests of consumers before the Pennsylvania Public Utility Commission (PUC or Commission). In accordance with Act 161, and for the following reasons, the Consumer Advocate determined to file a Notice of Intervention and participate in proceedings before the Commission involving Clean Treatment Sewage Company (CTSC or Company).

The Consumer Advocate has intervened in this proceeding in order to investigate the Formal Complaint filed by Theresa DiMeo regarding CTSC's proposal to change its tariff to require customers to install, maintain, repair and replace grinder pumps, where the Company determines it is necessary. As of the filing date of this Notice of Intervention, thirteen (13) other CTSC customers have filed Formal Complaints expressing similar concerns about their wastewater service. The Consumer Advocate seeks to ensure that CTSC fulfills its obligation to provide reasonable, adequate and reliable service to its customers pursuant to the Public Utility Code, 66 Pa.C.S. §1501. By its participation, the Consumer Advocate also seeks to ensure that adequate consideration is given to the concerns raised by Mrs. DiMeo's complaint and that the interests of CTSC's customers are fully protected.

Clean Treatment Sewage Company provides service to residential customers within Marcel Lake Estates, Delaware Township, Pike County, Pennsylvania.
