To whom it may concern,

This is a request to reschedule a hearing with Columbia Gas. First of all the letter from David Salopa had some incorrect statements, I did not initiate the fudge and candle orders over the phone. If someone calls me and another party calls at the same time I will be busy.

Also in a letter sent by James McNulty there were incorrect statements by Larry Crayne stating that I never returned important documents and that I hung up on a Columbia Gas representative, I am not some irresponsible "dummy" not attending to legal priorities. We should have a court hearing in a building not over the telephone.

There is no justification by Columbia Gas for raising my bill \$500. My fuel bill so far this winter is only \$250. I don't run my heat much. Also there is no evidence of a "new" meter. I will have to seek an attorney. Enough is Enough!
