Re: Kathleen Sylvester *et al.* v. Washington Park Sanitary Company,  
Docket Nos. C-20055455, C-20055473, C-20065850

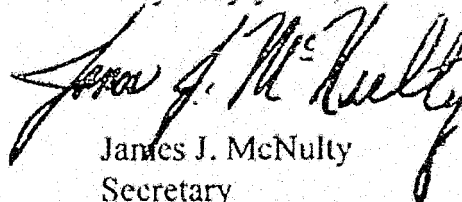

TO ALL PARTIES:

By Opinion and Order entered March 31, 2009 (*March 31 Order*), in the Investigation of Washington Park Water Company, Inc., (WP Water) and Washington Park Sanitary Company, Inc., (WP Sanitary) at Docket Nos. I-00070114, P-00072313 and A-230550F2000, we approved a Settlement that, among other things, ordered Aqua Pennsylvania, Inc. (Aqua) to acquire the assets of WP Water and further ordered Little Washington Wastewater Company (Little Washington) to acquire the wastewater assets of WP Sanitary.

It is our understanding that all issues in the above-referenced Complaint proceeding may have been resolved by the *March 31 Order*. In that Order, all parties in the above-referenced complaint proceeding were given the opportunity to review the settlement resolving the Investigation of WP Water and WP Sanitary.

In light of the fact that the parties in the complaint proceeding are no longer receiving service from WP Water and/or WP Sanitary, it appears that the complaint is moot. Therefore, please be advised that this proceeding is hereby marked closed. If you would like to discuss this matter, or if you have any questions, please contact Ms. Carol Pennington, in the Office of Special Assistants, (717) 787-1827, at your earliest possible convenience, but no later than 10 days after the date of this letter

Very truly yours,

James J. McNulty  
Secretary
