In preparing the 2014 Annual Tracking Report, we found a discrepancy on our July, 2014 return. The dollar amount of the return did not change, however the number of residential access lines (TRS & TDDP) and the number of Business Lines (TRS & TDDP) did change. I have enclosed the original return and the amended return (which I am sending out today to the address on the form). I have put the corrected number of residential and business lines on the tracking report. I'm not sure if you need this information or not, but wanted to make you aware of what we have found.

If you have any questions, please don't hesitate to call me.

Thank you,

A handwritten signature in cursive script that reads "Judy Bernhard".
