WITNESSETH

WHEREAS, this Agreement is between a public utility and a municipal corporation and is therefore subject to Pennsylvania Public Utility Commission ("PUC") review pursuant to 66 Pa.C.S.A. Section 507. The Effective Date of this Agreement shall be the later of i) thirty (30) days from the date that PPL submits the Agreement to the PUC; or ii) if the PUC opens an investigation of the Agreement, on the date the PUC approves the Agreement; and

WHEREAS, Requester has interest in a certain property located in Lower Paxton Township, Dauphin County, Pennsylvania, identified as Tax Parcel Number 35-039-015-000-0000, said property being more fully described in a deed dated April 23, 1971 and recorded in the Recorder of Deeds Office in and for Dauphin County at Deed Book V Volume 56, Page 406 (the "Property"); and

WHEREAS, PPL has an existing electric transmission line right of way (the "PPL ROW") across and over Requester's property pursuant to a Grant of Right of Way recorded in the Recorder of Deeds Office in and for Dauphin County at Book Volume 6, Page 401 and Book C Volume 12, Page 108 ; and

WHEREAS, Requester is desirous of obtaining from PPL an agreement for the construction of a sanitary sewer line replacement and relocation located in a portion of the PPL ROW, which proposed improvement is more fully identified on the plans entitled Lower Paxton Township Authority Mini Basin PC-4A Sanitary Sewer Replacement, Drawing No: 86-18597-PP003 dated October 2016 and prepared by GHD, which drawing is attached hereto and made a part hereof (the "Plans").

NOW, THEREFORE, the parties, intending to be legally bound hereby, and PPL insofar as it has the right to do so, hereby grants Requester the right and privilege of using a portion of the PPL ROW for the uses and improvements (the "Facilities") identified on the Plans, under and subject to the following reservations, restrictions and conditions:

1. Requester shall limit the installation of the Facilities to those identified on the Plans approved by PPL.
2. Any additional items beyond the Facilities approved on the Plans, including but not limited to changes in grade or the construction of additional buildings, structures or other improvements, shall be prohibited unless further written approval is obtained from PPL.
3. The installation of the Facilities shall be in compliance with any and all municipal, state and/or federal laws, statutes, rules, ordinances or regulations.
4. Storage of flammable fuels or materials; parking of vehicles which contain highly flammable or explosive cargoes; and fueling of vehicles are prohibited.
5. PPL reserves unrestricted rights of ingress and egress for line maintenance, repair, reconstruction or other work, and access to PPL's facilities shall at no time be impeded by Requester.
6. Requester agrees to remove, at its sole cost and expense, any and all Facilities if any of the Facilities violate any future laws, statutes, codes or regulations governing the operation of electric transmission or distribution facilities.
7. PPL shall be relieved of all responsibility for any and all environmental matters or claims resulting from the Facilities or the repair and construction of the Facilities on the PPL ROW, and any such matters shall be resolved without expense to PPL and with the approval of, and to the satisfaction of, all appropriate local, state and federal governmental agencies.
8. Requester hereby releases, quitclaims, discharges, indemnifies, defends and holds harmless PPL, its officers, directors, employees and agents, from and against any and all loss, liability, damages, demands, claims, suits, fines, penalties or causes of action whatsoever, caused by, resulting from, or in any way related to the Facilities or the presence of Requester or its agents or employees within the PPL ROW, including but not limited to indemnification against third-party claims or claims by employees or agents of Requester.
9. Requester releases PPL from any and all damages to the Facilities or losses sustained by Requester caused by PPL's use of equipment, including but not limited to trucks or other heavy equipment (up to 50 tons double-axle weight, which may be operated over and across the Property).
10. If Requester or its employees or agents damage any PPL facilities, including underground facilities, the damage shall be reported immediately to PPL

and Requester shall be responsible to reimburse PPL for all costs and expenses incurred by PPL in repairing the damaged facilities.

11. Requester agrees to restore the subject right of way to its original condition and to be responsible for any ground settling which may result from the installation of the facilities, for a period of one (1) year from completion of facilities, and any maintenance which may be required thereafter.
12. This Agreement shall commence on the Effective Date and continue thereafter. However, should Requester violate any of the reservations, terms, or conditions set forth in this Agreement and fails to cure such breach within the time period set by PPL in written notice to Requester from PPL, PPL may terminate this Agreement and PPL may cure said breach at Requestor's cost and expense.
13. This Agreement shall extend to and be binding upon the respective successors and assigns of each of the parties hereto.
14. This Agreement shall not be amended, altered, or modified except by an instrument in writing duly executed by both parties.
15. If any part or provision of this Agreement shall be determined to be invalid by a Court of competent jurisdiction, said part shall be ineffective to the extent of such invalidity only, without in any way affecting the remaining parts of said provision or the remaining provisions of this Agreement.
16. This Agreement has been duly authorized by all required corporate or other necessary action of both parties and, upon execution hereof, shall constitute a valid and binding obligation of both parties, enforceable in accordance with its terms.
17. This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof, and it supersedes any and all prior oral or written agreements, commitments or understandings with respect to the matters provided for herein.
18. If counterpoise, usually 12 inches to 18 inches below grade, or any other PPL facility is damaged or severed, the damage shall be reported immediately to PPL. The damaged facility will be re-established by PPL at the responsible party's expense.
19. Blasting under or near PPL's facilities is prohibited.
20. Any cranes or other equipment which may be used in close proximity to PPL's lines and facilities for installation or repair of the Facilities must be operated in a manner that will avoid contact with the electric lines and be in accordance with any and all applicable municipal, state or federal rules, statutes, ordinances or regulations, including but not limited to the Federal Occupational Safety and Health Act and safety standards and regulations promulgated by the Department of Labor and Industry.

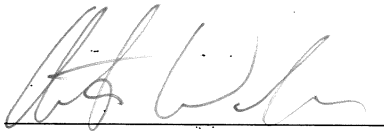

21. Relocation or temporary reinforcement of PPL's facilities, if any, will be performed by PPL at the sole expense of Requester.
22. If required, a barrier approved by PPL, shall be installed at Requester's expense to protect PPL facilities.
23. Contractors must exercise extreme caution to avoid shock hazards.
24. PPL reserves the right to restrict parking or use of roadways during maintenance or other associated work.

25. Permission herein granted shall continue in force until terminated at any time by PPL giving Requester, their successors and assigns, not less than sixty (60) days notice of its intention to terminate the same. It is to be understood that because of the nature of PPL's business, it may be required at any time for PPL to invoke the herein stated cancellation clause in order to ensure the integrity and use of its property or right of way.
