Dear Secretary Rosemary Chiavetta:

It is my understanding that attorney Teresa Schmittberger (First Energy) decided that I must send you this letter to continue my case! I believe that she already came to a conclusion for Public Utility Commission also (so why should I even bother then). Aren't we all so lucky to have such a wonderful system that the utilities themselves can dictate to the commission what the resultant outcome will be for a customer that was wronged by said utility!

Please continue my case. If First Energy does not want to pay cash for the repairs, then they may do the repairs themselves (without any monetary payout to me)!

Sincerely,

Mitch Maloskey
