Ref Docket #C-2017-2590145

Dear PUC,

A-2014-2444029

On Nov. 7, 2017 one of our trucks was involved in an accident in NY state. Our insurance company cancelled our policy. We decided to file bankruptcy and close the business. All vehicles were parked. We contacted an attorney to start the process. We decided to regroup and try again. We received insurance through Progressive. In the mean time we received suspension letters for lack of insurance from USDOT the FMCSA and the PUC. We were told by our agent that only the insurance provider can contact these agencies. We received our reinstatement letters and were of the opinion that we may resume business. We recently received a citation letter that we never provided proof of cargo insurance and were given a \$500.00 fine. We immediately contact our insurance agent who had Progressive provide proof of reinstatement of insurance. We are asking the courts to waive this \$500.00 fine.

Sincerely,

Donald Richardson, President
