RE: Docket Number C-2017-2602312

Dear Ms. Chiavetta,

In response to above Docket Number Complaint:

- 1) I had phoned the PUC office in regards to the necessity of my Surety Bond being kept in place at time of renewal as some states had lifted that requirement years ago.
- 2) It was my understanding that the Surety Bond was no longer necessary and therefore canceled.
- 3) I am not certain weather the person I spoke with in you office misunderstood my question or I misunderstood the answer.
- 4) Upon receipt of your Notice of Suspension dated April 21, 2017, I contacted my insurer to reinstate the Surety Bond. It is my belief that my insurer's home office made some type of error reinstating my Surety Bond as I received a refund check from them only 8 days after making payment to reinstate the bond.
- 4) Bond is in affect and will remain in place

Respectfully,

Roger Antos
