Re: Pennsylvania Public Utility Commission, Bureau of Investigation
and Enforcement v. Clearview Electric, Inc.
Docket No. C-2016-2543592

Dear Judge Barnes:

Enclosed please find a copy of the prepared **Direct Testimony** of the Bureau of Investigation and Enforcement's ("I&E") witness:

Daniel Mumford I&E Statement No. 1 (proprietary and non-proprietary
versions)
I&E Exhibit 18 (proprietary)

I&E's Direct Testimony and I&E Exhibit 18 are being re-served pursuant to the Protective Order that was entered in the above-referenced proceeding on January 6, 2017. The content of the Direct Testimony and I&E Exhibit 18 remain the same as the versions submitted on October 26, 2016, except for the portions identified therein as being proprietary pursuant to the Protective Order. The re-served Direct Testimony also corrects an inadvertent error that had been made in the prior version regarding the placement of a decimal point used to describe the capped variable rate offered and rate billed by Clearview Electric, Inc. All affected prices have been corrected to \$0.179 and \$0.189 per kilowatt hour, respectively.

No other exhibits other than I&E Exhibit 18 have been impacted by the Protective Order and, therefore, they are not being redistributed.

Copies are being served on the parties of record in accordance with the attached Certificate of Service.

Should you have any questions, please do not hesitate to contact me.

Sincerely,
