

BUREAU OF TECHNICAL UTILITY SERVICES DATA REQUESTS

TO PENNSYLVANIA-AMERICAN WATER COMPANY

Docket No. A-2017-2606103

Data Request 1

A-24. Please indicate if the City of Duquesne will continue its street sweeping program in an effort to reduce the pollutants entering the combined system, as referenced in Appendix 20c – Part 2 of the Application, or if PAWC-WD will assume this obligation and cost.

Response: The Nine Minimum Control Plan requires cooperation from the municipalities within the direct service territory and municipalities receiving services via the Inter Municipal Agreements in the maintenance and enforcement of certain ordinances and the performance of certain street sweeping that is ordinarily performed by community/public works road agencies.
