July 20, 2017

Docket No. C-2017-2601038

Dear Miss Sunderland:

Your letter of July 11, 2017, paragraph 9, page 3 notes that the hearing will be conducted "telephonically for the convenience of the parties."

If you don't mind my opinion, I strongly object to a conference by telephone. It is most inconvenient for me to such a request for many reasons, feelings, and attitudes.

You, the attorney, and I are at your doorstep. She, at the PPG Building and I relatively close in distance and look forward to my ride to Pittsburgh, a city of high-note with love.

Some reasons:

1. I am not used to my cell phone. My daughters gave me a cell phone recently and made me cancel my home line so that they can keep tabs on me and know where I am at all times. (Lovingly)
2. I experience daily calls where conversations overlap and it's so darn troublesome, annoying, and disgusting. The sound lines are many times unintelligible crackling, with an echo of my talking, over-talking, etc.
3. My lift top ATT, is (as I only use it for absolute necessity and in case of returning calls to my daughters for accounting where I am) I do not, because I cannot use any of the so-called settings, ignorance of sending e-mail or messages, take pictures, etc., T-V
4. I have no i-pad, i-pod, cable, HBO, Computer, pet, partner, spaceship, jet or satellite. I am & an AMERICAN citizen? I say this pitifully and humbly because I survive with "hello and so long" calls.

PA PUC
SECRETARY'S BUREAU

5. Many times I search for a pay phone instead of the cell phone... it is not a toy for me.

you get the gist of my disagreement with a telephone conference because I want also to be in the company of those of us involved. It provides face-to-face contact, true inter-personal association, eye-to-eye contact, the life style each of us have more experience involvements

Most people don't learn how to swim by correspondence or fall in love on a phone, get haircuts, nails, and shoe shines on the phone. Ridiculous as this is, won't you please invite the meeting in the Piatt house, Pgh.?

At my age, 88, I do have difficulty at times with hearing clearly. Face-to-face communication is my choice. I don't close my eyes to watch T-V to hear what's going on and I totally disagree with hearing aids and aids

I don't know how else to justify my desire to enjoy personable company not only with you but witnesses who may show up. My career has made me what I am! I never truly appreciated telephone conversations because more solutions with parents were done face-to-face --- for serious talk, laughs, smiles, even smirks and anger.

Sincerely yours
A Raymond Korbid

July 20, 2017
Docket No. C-2017-2601038

Administrative Law Judge
Kathrina L. Bunderdale

Dear Miss Bunderdale:

Your letter dated July 11, 2017, re: change of pre-hearing order of changed scheduled hearing date for August 7, 2017 at 10 AM is accepted and appreciated.

I am requesting a cancellation of the August 7 date to keep my doctor's appointment previously scheduled also for August 7. I broke a lens in my vision glasses and it's my 6 month follow-up for cataract examination.

So far, I suggest any date in August starting with Monday, August 14, 15, 16, 17 - and dates 23, 24, 25, 28 and 29, 2017. I have a doctor's regularly scheduled date August 22, 2017.

I called and discussed my cancellation request with attorney Lauren Rulli and offered no specific date of choice because of her busy tasks.

I thank you for the courtesy of changing the date of the hearing schedule.

Sincerely,
A Raymond Kerkus

cc: Lauren Rulli
Attorney
Trucker, Bronsberg

Understanding Your Bill

Meter Reading – An actual reading is a reading taken from the meter. An estimated reading is used when no actual reading is available and is based on past electric usage.

Meter Multiplier – This is the number used to calculate total electrical usage in kWh, this number will vary depending on meter type.

Kilowatt-Hour (kWh) – The basic unit of electric energy for which most customers are charged. It equals the amount of electricity used by 10 100-watt light bulbs left on for one hour. A bill shows electricity charges in cents per kilowatt-hour.

Kilowatt (kW) – A measure of electrical power that is equal to 1,000 watts.

Demand – A measure of customer or system load requirements over a measured period of time. The actual demand is the highest average kilowatt usage measured amount of all 15-minute intervals during a billing period. The billing demand is the product of the actual demand and the power factor multiplier which identifies the total power provided to the customer.

Basic Services – Services necessary for the physical delivery of electricity service, such as supply, including default service, transmission and distribution.

Customer Charge – A monthly basic service charge that includes costs for meter reading, customer billing, service equipment, and other expenses. These expenses are incurred even in months when customers do not use electricity.

Distribution Charges – Basic service charges for delivering electricity over a distribution system to the home or business from the transmission system.

Supply Charges – Basic service charges for generation supply to retail customers.

Transmission Charges – Basic service charges for the cost of transporting electricity over high voltage wires from the generator to the distribution system.

PA EEA Surcharge (Fixed and Variable) – Charges for energy efficiency programs that help customers conserve energy and reduce demand.

Smart Meter Charge – Charges for advanced metering technology and related infrastructure that will provide the ability for features such as two-way communication and interval usage data.

Distribution System Improvement Charge (DSIC) – A charge for company investment to improve service quality and increase safety by repairing, improving, or replacing eligible infrastructure used to deliver electricity.

Non-Basic Service Charges – Any category of service not related to basic service.

Budget Amount – Based on your average Duquesne Light Company billed history over the previous 12 month period excluding non-basic services for the location billed and subject to periodic adjustments. Trending data is used if billed history is not available.

Advanced Metering – Device(s) for recording or communicating actual electric usage on a daily basis.

Time of Use (TOU) – A program to encourage customers to shift the timing of portions of their electric use by offering lower rates during time of lower electricity demand (off-peak) and higher rates during periods of higher electricity demand (on-peak) periods.

Suspended Charges – Charges held in relation to a dispute

Customer Assistance Programs (CAP) Residential Only

CAP – CAP is Duquesne Light Company's discount program for residential customers whose total household income is at or below 150% of the federal poverty level. Customers enrolled in CAP may receive a discount on their monthly service charges and have an opportunity to receive arrears forgiveness. If you need help paying your bills, call and speak to a Customer Assistance Program specialist at 1-888-393-7600.

CAP Budget Amount – The discounted amount that customers enrolled in Duquesne Light Company's CAP program are required to pay per month based on income and usage. This is a percentage of the monthly budget bill, based on income.

CAP Discount – The difference between the monthly budget bill and the CAP budget amount.

Debt Forgiveness – The amount of the arrears that is forgiven based upon receipt of a customer's regular monthly payments.

CAP Fixed Charge – A fixed monthly charge that will increase the Total Charges Owed amount of all CAP customers. This charge is required to offset increased program costs and is adjusted on an annual basis.

Maximum Annual CAP Credit – Each year, there is a limit to your total CAP discounts. The Maximum Annual Credit amount is on page 1 of this bill.

Minimum CAP Amount – The lowest amount that a CAP customer must pay each month.

Grant Payment – Social assistance grants, such as LIHEAP and Dollar Energy, which are applied to your CAP Bills to reduce monthly payments.

Total Assistance Grant – All assistance grants that are applied to your account.

Special Services

Customer Protection Plan – An injury, illness, or vacation could prevent you from reading your mail as you usually would. At your request, we will send a copy of any Duquesne Light Company past-due notice to a person of your choice.

Billing and Payment Conveniences

E-Bill Service – Our free on-line bill presentment service. Once enrolled, you will no longer receive paper bills. You will receive an e-mail notification that your bill is available to view. You can sign up at www.duquesnelight.com

Automatic Bill Payment – Duquesne Light Company's free ElectricCheck service. After you join the plan, you no longer write checks. Your payment is automatically deducted from your checking account on the due date of the bill. You can apply at www.duquesnelight.com or call Customer Care 412-393-7100 for more information.

Schedule an On-line Payment – A free service to have your payment deducted from your bank account on the date you choose.

Budget Payment Plan – Helps residential customers level out monthly payment amounts.

Make a One-Time Payment – Credit card/check services. Go to our website at www.duquesnelight.com or call 1-866-526-0815. Fees apply.

U.S. Mail – Use the payment coupon and envelope we provide to return your payment to us.

Complete the information at the right to update your account.

If you are moving and need to have your service turned on or off, you must call Customer Care at 412-393-7100 or visit our website at www.duquesnelight.com.

For changes or corrections to be processed, check the box on the front of the coupon AND MAIL IN WITH YOUR PAYMENT.
