

C- 2017-2613368

August 5, 2017

To whom it may concern,  
I am responding to a complaint filed against  
Appalachian Energy Resources, LLC on July 19, 2017.

I received a letter on June 28, 2017 stating the  
suspension was lifted and we could resume operations  
immediately. At this time we thought you had received  
all insurance and it was all taken care of according to the  
"NOTICE TO LIFT SUSPENSION." Had I known that you  
had not received everything, I would have taken care of  
the matter immediately.

I have spoken with Kathy twice this past week and  
confirmed that you have received everything now.

Also I am asking to please waive the \$500.00 fine.

Thank You,

  
Elizabeth Comstock – owner
