Re: MP2 Energy NE LLC Electric Generation Supplier License  
Docket No. A-2012 - 2322668

Dear Ms. Chiavetta:

This letter is provided as an update to the information provided by MP2 Energy NE LLC ("MP2NE") in support of its application for an Electric Generation Supplier License in Pennsylvania as a supplier. The Public Utility Commission granted MP2NE's application on December 20, 2012.

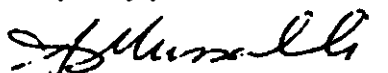

Pursuant to 52 Pa. Code § 54.34, electricity generation suppliers are required to update the Commission of any change in the information filed in its application. Accordingly, MP2NE wishes to inform the Commission of the following updates for the above referenced license.

MP2NE noted in its original application that it had partnered with Pacific Summit Energy LLC ("PSE"), which provided financial backing and wholesale credit in support of MP2NE's retail operations. Effective March 30, 2017, MP2NE entered a new credit provider agreement with Shell Energy North America (US), LP ("Shell Energy"). Shell Energy is an active participant in deregulated electric and gas markets and supports approximately 20 successful retail energy companies.

Further, on September 13, 2017 each of the individual members of MP2 Energy LLC and Shell Energy consummated a transaction whereby Shell Energy purchased all of the outstanding membership interest in MP2 Energy LLC, and MP2NE's corporate structure has changed to the extent that MP2NE's parent company, MP2 Energy LLC, is now a wholly owned subsidiary of Shell Energy. MP2NE remains a subsidiary of MP2 Energy LLC.

If you have any questions or require MP2NE to provide any additional notices or information, please do not hesitate to contact me.

Very truly yours,

  
Amanda L. Mussalli  
Executive Vice President and  
General Counsel
