v.	:	DOCKET NO. C-2017-2631499
	:	
PECO ENERGY COMPANY	:	
Respondent	:	

**PRELIMINARY OBJECTION OF RESPONDENT,
PECO ENERGY COMPANY**

Respondent, PECO Energy Company (“PECO Energy”), pursuant to 52 Pa. Code § 5.101(a)(4) respectfully petitions this Honorable Commission to dismiss the instant Complaint as legally insufficient.

1. On October 31, 2017, PECO Energy was served with a formal complaint filed by Raymond Huskins (hereafter “Complainant”).

2. In the Complainant’s formal complaint, he states the reason for his complaint as incorrect charges are on my bill. See the Complainant’s formal complaint, attached hereto as Exhibit “1”.

3. In the “relief” section of the Complainant’s formal complaint, he states:

Payment for all charges that say customer charge \$8.45 to present.

See the Complainant’s formal complaint, attached hereto as Exhibit “1”.

4. The Complainant attached a copy of his October 3, 2017, billing statement and circled the \$8.45 customer charge on the second page of the bill.

5. In his formal complaint, the Complainant disputes the \$8.45 fixed distribution customer charge for electric service.

6. PECO Energy filed an Answer and the instant Preliminary Objection.

7. Commission procedure regarding the disposition of preliminary objections is similar to that utilized in Pennsylvania civil procedure. Equitable Small Transportation Interveners v. Equitable Gas Co., 1994 Pa.PUC LEXIS 69, Docket No. C-00935435 (July 18, 1994).

8. In deciding preliminary objections, the Public Utility Commission must determine, based on the factual pleadings of the petitioner, if relief or recovery is possible. 2006 Pa. PUC Lexis 111, *7.

9. A complaint must be able to recover under the law to survive a preliminary objection. Milliner v. Enck, 709 A.2d 417, 418 (Pa. Super. Ct. 1998) (“preliminary objection should be sustained only where it appears with certainty that, upon the facts averred, the law will not allow the plaintiff to recover”).

10. All of the non-moving party’s averments must be taken as true for the sake of deciding the preliminary objection. Id. at 7-8.

11. The court does not, however, need to accept, “unwarranted inferences from facts, argumentative allegations, or expressions of opinions.” Feingold v. McNulty, 2009 Phila. Ct. Com. Pl LEXIS 167, *3.

12. Section 703 of the Public Utility Code, 66 Pa.C.S.A. § 703(b) provides that the Commission may dismiss any complaint without a hearing if, in its opinion, a hearing is not necessary in the public interest.

13. A hearing is required only when there is a disputed question of fact, and is not required to resolve questions of law. Dec-Dee Cab, Inc. v. Pa.Pub. Util. Comm’n, 817 A.2nd 593 (Pa.Commw. Ct. 2003), petition for allowance of appeal denied, 836 A.2d 123 (Pa. 2003).

14. Here, there are no genuine issues of fact and PECO Energy is entitled to judgment as a matter of law. Therefore, the complaint is legally insufficient and should be dismissed.

15. The Complainant disputes the fact that PECO Energy charged him an \$8.45 fixed distribution customer charge for electric service.

16. The \$8.45 fixed distribution charge is assessed for the electric meter at a customer's property and is part of the monthly basic distribution charge to cover costs for billing, meter reading, equipment and maintenance.

17. The \$8.45 fixed distribution charge is regulated by the Public Utility Commission ("PUC") and it is contained within PECO Energy's Electric Service Tariff ("Tariff") approved by and on file with the PUC. See Tariff Provision, attached hereto as Exhibit "2".

18. The Tariff provisions approved by the PUC are prima facie reasonable. 66 Pa. C.S.A. § 316 (1999); See also, Kossman v. Pennsylvania Public Utility Commission, 694 A.2d 1147 (Pa. Cmwlth. 1997). Moreover, tariffs that have been approved by the PUC have the full force and effect of law and are binding on both the utility and its customers. Brockway Glass Co. v. Pennsylvania Utility Commission, 437 A.2d 1067 (Pa. Cmwlth. 1981).

19. Assuming that everything the Complainant alleges in his Complaint is true, PECO Energy is operating under the basis of a Commission approved tariff and charged the \$8.45 fixed distribution charge with the specific approval of the Commission.

20. The Complainant's complaint, objecting to the \$8.45 fixed distribution charge does not allege a violation of any order, law or tariff that can be the basis of any finding against PECO Energy.

21. Accordingly, the Complainant's formal complaint should be dismissed as a matter of law.

REQUEST FOR RELIEF

WHEREFORE, for all of the reasons stated herein, PECO respectfully requests that your Honorable Commission dismiss the instant complaint with prejudice.

Respectfully submitted,

What kind of problem are you having with the utility or company? Check all boxes below that apply and state the reason for your complaint. Explain specifically what you believe the utility or company has done wrong. Provide relevant details including dates, times and places and any other information that may be important. If the complaint is about billing, tell us the amount you believe is not correct. Use additional paper if you need more space. Your complaint may be dismissed without a hearing if you do not provide specific information.

- The utility is threatening to shut off my service or has already shut off my service.
- I would like a payment agreement.
- Incorrect charges are on my bill. Provide dates that are important and an explanation about any amounts or charges that you believe are not correct. Attach a copy of the bill(s) in question if you have it/them.

Only local courts in Philadelphia County can address this type of complaint. The PUC can address a complaint about service or incorrect billing even if that amount is subject to a lien:

In addition, the PUC generally does not handle complaints about cell phone or Internet service, but may be able to resolve a dispute regarding voice communications over the Internet (including the inability to make voice 911/E911 emergency calls) or concerns about high-speed access to Internet service.

6. Requested Relief

How do you want your complaint to be resolved? Explain what you want the PUC to order the utility or company to do. Use additional paper if you need more space.

say Customer Charge \$8.45 at

Note: The PUC can decide that a customer was not billed correctly and can order billing refunds. The PUC can also fine a utility or company for not following rules and can order a utility or company to correct a problem with your service. Under state law, the PUC cannot decide whether a utility or company should pay customers for loss or damages. Damage claims may be sought in an appropriate civil court.

Note: You must answer this question if your complaint is against a natural gas distribution utility, an electric distribution utility or a water distribution utility AND your complaint is about a problem involving billing, a request to receive service, a security deposit request, termination of service or a request for a payment agreement.
