 v. :

WEST PENN POWER COMPANY :

**PRELIMINARY OBJECTION TO THE COMPLAINT OF
LANCE A. YANOSKY AND COLLEEN E. YANOSKY**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

AND NOW, West Penn Power Company ("West Penn" or the "Company"), by and through its counsel, Tori L. Giesler and Teresa Harrold, files this Preliminary Objection pursuant to Section 5.101(a) of Pennsylvania Public Utility Commission ("Commission") regulations, 52 Pa. Code § 5.101(a)(1), and in support thereof, avers as follows:

I. Introduction

1. In their recently filed Formal Complaint, Lance A. Yanosky and Colleen E. Yanosky ("Complainants") allege they sustained damages to personal property located at 5 Vesta Village No. 6, Denbo, Pennsylvania 15429 ("Service Location") as a result of an electric power outage. (Compl. ¶ 4.) The Complainants request that the Commission direct West Penn to financially reimburse them for alleged personal property losses. (Compl. ¶ 5.)

2. As explained below, the Commission does not have the power and legal authority to award monetary damages. As a result, the Company requests that this Preliminary Objection be granted and that the Commission: (i) strike all allegations in the Formal Complaint regarding monetary damages; (ii) expressly prohibit the Complainants from introducing any testimony or exhibits at any evidentiary hearing regarding alleged damages; (iii) dismiss the Formal Complaint

in its entirety with prejudice; and (iv) grant the Company such other relief as may be just and reasonable under the circumstances.

II. Background

3. West Penn is an electric distribution company certificated as a public utility permitted to operate within the Commonwealth in Pennsylvania.

4. On or about November 13, 2017, the Complainants filed a Formal Complaint with the Commission against West Penn at the above-captioned docket requesting that the Commission direct the Company to financially reimburse the Complainants for specific personal property losses allegedly sustained during an outage. (Compl. ¶ 5.)

5. On or about November 20, 2017, the Formal Complaint was electronically served on West Penn.

6. West Penn is timely filing its Answer and New Matter contemporaneously with this Preliminary Objection.

III. Argument

7. The Commission's Rules of Practice and Procedure permit parties to file preliminary objections. The grounds for preliminary objections are limited to those set forth in 52 Pa. Code § 5.101(a) as follows:

- (1) Lack of Commission jurisdiction or improper service of the pleading initiating the proceeding.
- (2) Failure of a pleading to conform to this chapter or the inclusion of scandalous or impertinent matter.
- (3) Insufficient specificity of a pleading.
- (4) Legal insufficiency of a pleading.
- (5) Lack of capacity to sue, nonjoinder of a necessary party or misjoinder of a cause of action.
- (6) Pendency of a prior proceeding or agreement for alternative dispute resolution.
- (7) Standing of a party to participate in the proceeding.

8. The Commission's procedure regarding the disposition of preliminary objections is similar to that utilized in Pennsylvania civil practice. *Equitable Small Transportation Intervenors v. Equitable Gas Company*, Docket No. C-00935435 (Opinion and Order entered July 18, 1994).

9. The Commission's procedural regulations allow a party to object to pleadings that fail to comply with the rules of administrative practice or that include scandalous or impertinent matters. *See* 52 Pa. Code § 5.101(a)(2).

10. In their Formal Complaint, the Complainants state the following as their request for relief:

Compliance from utility company to clean and maintain right of ways to ensure end to power surges and restore reasonable expectation of safety from fire risks and loss of properties.
Monetary relief for loss of property.

(Compl. ¶ 5.)

11. Clearly, the relief sought through the Formal Complaint is an award of monetary damages from the Company.

12. It is well-established under Pennsylvania law that the enforcement powers of the Commission do not include the power to award money damages. *Elkin v. Bell Tel. Co. of PA.*, 420 A.2d 371 (Pa. 1980); *Feingold v. Bell of Pa.*, 383 A.2d 791 (Pa. 1978); *see Nagy v. Bell Tel. Co. of PA.*, 436 A.2d 701 (Pa. Super. 1981).

13. In *Feingold*, the Pennsylvania Supreme Court explained:

. . . the statutory array of PUC remedial and enforcement powers does not include the power to award damages to a private litigant for breach of contract by a public utility. Nor can we find an express grant of power from which the power to award such damages can be fairly implied. Thus, it can be concluded that the Legislature did not intend for the PUC to have such a power.

Feingold, 383 A.2d at 794.

14. A prayer for damages which are not legally recoverable in the cause of action is “impertinent matter” in the sense that it is irrelevant to that cause of action, and is correctly challenged through a motion to strike the requested relief as impertinent matter. *Third Avenue Realty Limited Partners v. Pennsylvania-American Water Co.*, Docket No. C-2010-2167286 (Final Order entered September 30, 2010) (citing *Hudock v. Donegal Mut. Ins. Co.*, 264 A.2d 668 (Pa. 1970)).

15. Therefore, in accordance with Pennsylvania law, this Commission does not have the power to award monetary damages, and the Complainants’ request for money damages is an impertinent matter that must be stricken.

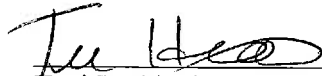

IV. Conclusion

WHEREFORE, for the foregoing reasons, West Penn Power Company respectfully requests that the Commission: (1) grant its Preliminary Objections and strike the Complainants’ request for monetary damages; (2) expressly prohibit the Complainants from introducing any testimony or exhibits at any evidentiary hearing regarding alleged damages; (3) dismiss the Formal

Complaint in its entirety with prejudice; and (4) grant the Company such other relief as may be just and reasonable under the circumstances.

Respectfully submitted,
