**MOTION OF METROPOLITAN EDISON COMPANY TO COMPEL RESPONSES TO
INTERROGATORIES AND DOCUMENT REQUESTS**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

Metropolitan Edison Company (“Met-Ed” or the “Company”) by and through its attorneys, Lauren M. Lepkoski and Tori L. Giesler, and pursuant to 52 Pa. Code §§ 5.371-5.372, hereby files this Motion to compel Alexandre Foursevitch (“Complainant”) to provide full and complete responses to interrogatories and document requests issued by the Company on November 14, 2017.

In support thereof, the Company avers as follows:

I. BACKGROUND

1. On August 29, 2017, the Complainant filed a Formal Complaint with the Pennsylvania Public Utility Commission (“Commission”) regarding 300 Kendale Road, Lot 56, Red Lion, Pennsylvania 17356 (“Service Location”) under Account No. 100049627464 (“Account”) which was electronically served on the Company on September 7, 2017.

2. On September 27, 2017, the Company filed its Answer denying the material allegations.

3. On October 16, 2017, Chief Administrative Law Judge Charles E. Rainey, Jr., issued an Interim Order Setting Conference Between the Parties requiring that the parties hold a conference to discuss the Formal Complaint filed by the Complainant to determine whether a resolution of the Formal Complaint can be reached.

4. On November 14, 2017, counsel for the Company has contacted the Complainant in compliance with the Interim Order. Counsel for the Company and the Complainant spoke regarding the Formal Complaint but were ultimately unable to resolve the Formal Complaint. On November 14, 2017, counsel for the Company advised Commission Mediator Hunt that the parties were unable to resolve the Formal Complaint and the parties wished to move forward with a hearing.

5. On November 14, 2017, in accordance with 52 Pa. Code § 5.341, the Company forwarded to the Complainant interrogatories and document requests (“Discovery Requests”) via first class mail. In its Discovery Requests, the Company sought information and documents related to the Complainant’s allegations regarding the Company’s smart meters. A copy of the Discovery Requests of the Company is attached as Exhibit A.

6. On November 16, 2017, a Call-In Telephonic Hearing Notice was issued which scheduled a telephonic hearing for January 24, 2018 before Administrative Law Judge Andrew Calvelli.

7. The Complainant did not file any objection to the Discovery Request and has not provided any responses or the requested documents by the due date.

II. MOTION TO COMPEL

8. The Commission’s regulations permit the discovery of “any matter, not privileged, which is relevant to the subject matter involved in the pending action.” 52 Pa. Code § 5.321(c).

9. Generally speaking, this Commission applies a standard of relevance which is less restrictive than that required by parties to present information into the evidentiary record. *Id.*

10. Discovery may be obtained regarding any matter relevant to the subject matter. Relevant evidence is evidence that tends to make an act at issue more or less probable. Moreover,

evidence is relevant if it advances the inquiry in some degree and, thus, has probative value. Although the law does not furnish an absolute test of relevancy, the Pennsylvania Supreme Court follows a two-part analysis for determining relevance. In *Commonwealth v. Stewart*, 461 Pa. 274, 336 A.2d 282 (1975), the Court held that “[i]t must be determined first if the inference sought to be raised by the evidence bears upon a matter at issue in this case and, second, whether the evidence renders the desired inference more probable than it would be without the evidence. *Id.* at 284.

11. The information sought here by the Company is relatively simple and straightforward. It is directly relevant and material to the issues raised by the Complainant. The Company is entitled to the requested information to enable it to fully investigate the Complainant’s allegations.

12. The Commission’s Regulations at 52 Pa. Code § 5.371 address the consequences of a participant’s failure to comply with the Commission’s discovery regulations. Section 5.371 provides that:

- (a) The Commission or the presiding officer may, on motion, make an appropriate order if one of the following occurs:
 - (1) A party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests, as required under this subchapter.

13. Further, 52 Pa. Code § 5.372 provides that the presiding officer may impose appropriate sanctions upon a party found to be found in violation of the obligations set forth in the Commission’s Regulations.

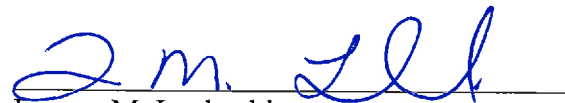

14. The Company requests that the Complainant be directed to provide full and complete responses to the Discovery Requests to be received by the undersigned counsel for the Company within five business days after entry of an Order Granting the Motion to Compel.

15. In the event the Complainant is directed by the Commission, but fails to respond to the Company's Discovery Requests, the Company respectfully requests that the Complaint against the Company be dismissed in its entirety.

WHEREFORE, Metropolitan Edison Company respectfully requests that the Commission issue an Order compelling the Complainant to fully and completely respond to the Discovery Requests such that the responses are received by counsel for the Company no later than five business days after entry of an Order on the Motion to Compel. Further, in the event the Complainant does not comply with the Order directed by the Commission and fails to respond to the Company's Discovery Requests, the Company respectfully requests that the Commission dismiss in its entirety the Complaint of Alexandre Foursevitch.

Respectfully submitted,
