**PRELIMINARY OBJECTION TO THE COMPLAINT OF
RANDALL H. SANDERS**

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

AND NOW, West Penn Power Company ("West Penn" or the "Company"), by and through its counsel, Tori L. Giesler and Teresa Harrold, files this Preliminary Objection pursuant to Section 5.101(a) of Pennsylvania Public Utility Commission ("Commission") regulations, 52 Pa. Code § 5.101(a)(1), and in support thereof, avers as follows:

I. Introduction

1. In his recently filed Formal Complaint, Randall H. Sanders ("Complainant") alleges he sustained damages to personal property located at 240 Driftwood Road, Brownsville, Pennsylvania 15417 ("Service Location") as a result of an electric power outage experienced on September 11, 2017. (Compl. ¶ 4.) The Complainant requests that the Commission direct West Penn to financially reimburse him for alleged personal property losses. (Compl. ¶ 5.)

2. As explained below, the Commission does not have the power and legal authority to award monetary damages. As a result, the Company requests that this Preliminary Objection be granted and that the Commission: (i) strike all allegations in the Formal Complaint regarding monetary damages; (ii) expressly prohibit the Complainant from introducing any testimony or exhibits at any evidentiary hearing regarding alleged damages; (iii) dismiss the Formal Complaint

in its entirety with prejudice; and (iv) grant the Company such other relief as may be just and reasonable under the circumstances.

II. Background

3. West Penn is an electric distribution company certificated as a public utility permitted to operate within the Commonwealth in Pennsylvania.

4. On or about November 13, 2017, the Complainant filed a Formal Complaint with the Commission against West Penn at the above-captioned docket requesting that the Commission direct the Company to financially reimburse the Complainant for specific personal property losses allegedly sustained during an outage experienced on September 11, 2017. (Compl. ¶¶ 4, 5.)

5. On or about November 20, 2017, the Formal Complaint was electronically served on West Penn.

6. West Penn is timely filing its Answer and New Matter contemporaneously with this Preliminary Objection.

III. Argument

7. The Commission's Rules of Practice and Procedure permit parties to file preliminary objections. The grounds for preliminary objections are limited to those set forth in 52 Pa. Code § 5.101(a) as follows:

- (1) Lack of Commission jurisdiction or improper service of the pleading initiating the proceeding.
- (2) Failure of a pleading to conform to this chapter or the inclusion of scandalous or impertinent matter.
- (3) Insufficient specificity of a pleading.
- (4) Legal insufficiency of a pleading.
- (5) Lack of capacity to sue, nonjoinder of a necessary party or misjoinder of a cause of action.
- (6) Pendency of a prior proceeding or agreement for alternative dispute resolution.
- (7) Standing of a party to participate in the proceeding.

8. The Commission's procedure regarding the disposition of preliminary objections is similar to that utilized in Pennsylvania civil practice. *Equitable Small Transportation Intervenors v. Equitable Gas Company*, Docket No. C-00935435 (Opinion and Order entered July 18, 1994).

A. Preliminary Objection Regarding Impertinent Matters Pursuant to 52 Pa. Code § 5.101(a)(2).

9. The Commission's procedural regulations allow a party to object to pleadings that fail to comply with the rules of administrative practice or that include scandalous or impertinent matters. *See* 52 Pa. Code § 5.101(a)(2).

10. In his Formal Complaint, the Complainant states the following as his request for relief:

1. Modification to the infrastructure to avoid future surges.
2. Reimbursement for possessions that have been ruined due to the surges.

(Compl. ¶ 5.)

11. Clearly, the relief sought through the Formal Complaint is an award of monetary damages from the Company.

12. It is well-established under Pennsylvania law that the enforcement powers of the Commission do not include the power to award money damages. *Elkin v. Bell Tel. Co. of PA.*, 420 A.2d 371 (Pa. 1980); *Feingold v. Bell of Pa.*, 383 A.2d 791 (Pa. 1978); *see Nagy v. Bell Tel. Co. of PA.*, 436 A.2d 701 (Pa. Super. 1981).

13. In *Feingold*, the Pennsylvania Supreme Court explained:

. . . the statutory array of PUC remedial and enforcement powers does not include the power to award damages to a private litigant for breach of contract by a public utility. Nor can we find an express grant of power from which the power to award such damages can be fairly implied. Thus, it can be concluded that the Legislature did not intend for the PUC to have such a power.

Feingold, 383 A.2d at 794.

14. A prayer for damages which are not legally recoverable in the cause of action is “impertinent matter” in the sense that it is irrelevant to that cause of action, and is correctly challenged through a motion to strike the requested relief as impertinent matter. *Third Avenue Realty Limited Partners v. Pennsylvania-American Water Co.*, Docket No. C-2010-2167286 (Final Order entered September 30, 2010) (citing *Hudock v. Donegal Mut. Ins. Co.*, 264 A.2d 668 (Pa. 1970)).

15. Therefore, in accordance with Pennsylvania law, this Commission does not have the power to award monetary damages, and the Complainant’s request for money damages is an impertinent matter that must be stricken.

B. Preliminary Objection Regarding Insufficiency of a Pleading Pursuant to 52 Pa. Code § 5.101(a)(4).

16. The Complainant verified subject to the penalties of 18 Pa.C.S. § 4904 that the Complainant has not “spoken to a utility or company representative about this complaint.”

17. Pursuant to 66 Pa.C.S. § 1410(1), “[t]he commission shall accept complaints only from customers who affirm that they have first contacted the public utility for the purpose of resolving the problem about which the customer wishes to file a complaint. If the customer has not contacted the public utility, the commission shall direct the customer to the public utility.”

18. The Company has no record that any representative of the Complainant has contacted the Company on the Account at this Service Location regarding the Formal Complaint.

19. The Formal Complaint of the Complainant should be should be dismissed with prejudice for failure to contact the Company prior to the filing of the Formal Complaint in violation of 66 Pa.C.S. § 1410(1).

IV. Conclusion

WHEREFORE, for the foregoing reasons, West Penn Power Company respectfully requests that the Commission: (1) grant its Preliminary Objections and strike the Complainant's request for monetary damages; (2) expressly prohibit the Complainant from introducing any testimony or exhibits at any evidentiary hearing regarding alleged damages; (3) dismiss the Formal Complaint in its entirety with prejudice; and (4) grant the Company such other relief as may be just and reasonable under the circumstances.

Respectfully submitted,
