Dear Margaret Capuana:

We are pleased that Electricity Ratings, LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Electricity Ratings, LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Electricity Ratings, LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Electricity Ratings, LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Electricity Ratings, LLC changes in the future, Columbia Gas might deem it appropriate to require Electricity Ratings, LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4712 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Re: Broker Requirements

Dear Electricity Ratings, LLC:

PECO is aware that Electricity Ratings, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Electricity Ratings, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Electricity Ratings, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Electricity Ratings, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Electricity Ratings, LLC or the creditworthiness requirement for PECO's exposure to Electricity Ratings, LLC changes in the future, PECO reserves the right to require Electricity Ratings, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Re: Security Requirement Bond for Electricity Ratings, LLC

Dear Mr. Oberle::

Philadelphia Gas Works ("PGW") is aware that Electricity Ratings, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Electricity Ratings, LLC must furnish acceptable security to each utility where Electricity Ratings, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Electricity Ratings, LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Electricity Ratings, LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Electricity Ratings, LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Electricity Ratings, LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by Electricity Ratings, LLC should change, Philadelphia Gas Works reserves the right to require security from Electricity Ratings, LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

RE: ELECTRICITY RATINGS Energy, LLC application to serve as a Natural Gas Broker

Dear, Ms. Capuana,

Based on your assertion that ELECTRICITY RATINGS, LLC ("ELECTRICITY RATINGS") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities Inc. ("UGIU") has concluded that ELECTRICITY RATINGS will not need to post security with UGI-Central Penn Gas ("CPG"), UGI-Penn Natural Gas ("PNG") or UGI Utilities Gas Division ("UGI"). This is based on the declaration that ELECTRICITY RATINGS will not be taking title to gas or directly serving end use customers. This also assumes that ELECTRICITY RATINGS will be acting in conjunction with a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU tariffs. If ELECTRICITY RATINGS wishes to directly serve Choice customers in the service territories of UGI, PNG and/or CPG in the future as a natural gas supplier, it will have to post security as specified in the respective UGI tariffs prior to the commencement of the service. Please feel free to contact me with any additional questions that you may have.

Dear Mr. Oberle:

We are pleased that Electricity Ratings, LLC has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, Peoples Natural Gas Company LLC – Equitable Division, and Peoples Gas Company LLC (formerly Peoples TWP) ("the Companies").

Since Electricity Ratings, LLC is not currently serving customers on the Peoples systems, we have determined at this time that Electricity Ratings, LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Electricity Ratings, LLC provision of services on the Peoples' system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.
