SECRETARY'S BUREAU

Secretary Bureau:

A-2018-2641004

I have recently filed for Electricity and Natural Gas Broker Licenses on behalf of my company Apollo Edison LLC. I am sending along this letter and documents in follow up to that application in hopes of completing and rectifying that applications for timely approval.

I have received 2 letters, 1 for Electricity and 1 for Natural Gas concerning the Fictitious Name, stating:

"Your fictitious name must be registered with the Pennsylvania Department of State before we can process your application if you intend to use "Apollo" as your fictitious name."

I would like to clarify that as noted in Section 2, that Apollo Edison LLC will not be using a fictitious name.

The Applicant will not be using a fictitious name.

I apologize for the confusion around this matter, but referring to "Apollo" was intended more for internal verbal abbreviation and not as a Fictitious or DBA Name. I have included the first 2 pages of each application below correctly modifying the documents excluding "Apollo" as a fictitious name and reiterated that this will not be used in Section 2. I have also included copies of the original letters received for reference.

In addition, to the first matter, I also realize there is a second update to disclose the PA PUC. I had neglected to include 1 of the 7 Newspaper Notification Proof of Publications for the Johnstown Tribune-Democrat. I have included that here also for reference and apologize for the oversight.

I am hopeful that these 2 matters will rectify anything outstanding in both the Electricity and Natural Gas Broker License Applications. I am eager to begin working in PA, so please keep me informed of any other matters that may arise that would delay this happening. Any additional updates or insight would be greatly appreciated, and I thank you for your consideration.

Kindest Regards and Happy Holidays,
