Re: Richard N. Myers v PPL Electric Utilities Corporation
Docket No. C-2017-2620710

Your Honor and Mr. Ryan:

I have written testimony and exhibits from two subject matter experts that I am including in my February 5 hearing statement and which I am providing to Counsel for PPL NLT January 15.

I would like to know please if the Counsel for PPL intends to cross-examine these two individuals who will have provided expert written testimony as part of my statement. If so, I respectfully request that the Honorable Elizabeth Barnes please allow telephonic cross-examination at the hearing. These individuals reside in other states. It would be cost prohibitive for me to pay for their travel expenses and several days of salary due to lost time away from their employer.

Since I am representing myself without benefit of an attorney I would also like to propose to Judge Barnes that a prehearing teleconference between parties be arranged to discuss the arrangements for the above written direct testimony and any other actions I can do to facilitate the hearing.

Respectfully submitted,

Rich Myers

cc: Rosemary Chiavetta, Secretary
