PETITION OF ENGIE RESOURCES LLC FOR A  
RENEWAL OF REDUCED SECURITY LEVEL AUTHORIZATION

**I. Introduction**

1. ENGIE Resources LLC ("ENGIE Resources" or "Company") is an electric generation supplier ("EGS") authorized by the Pennsylvania Public Utility Commission ("PaPUC" or "Commission") to provide service to larger commercial customers (over 25 KW demand), industrial customers, governmental customer classes, and residential and small commercial customers (limited to mixed meters) in the electric distribution company service territories of Duquesne Light Company, Metropolitan Edison Company, Pennsylvania Electric Company, PECO Electric, PPL Electric and West Penn Power Company within the Commonwealth of Pennsylvania. ENGIE Resources provides EGS services pursuant to its license to operate as an EGS issued by the Commission at Docket No. A-110156. As a licensed EGS, ENGIE Resources is subject to the Commission's authority to require it to furnish a bond or other security in order to operate in the Commonwealth of Pennsylvania, pursuant to Section 2809(c) of the Public Utility Code ("Code") and Section 54.40 of the Commission's regulations. 66 Pa.C.S. § 2809(c); 52 Pa. Code §54.40.

2. Section 54.40(d) of the Commission's regulations requires EGSs to provide a security level of 10% of the licensee's reported gross receipts. However, a licensee may seek approval from the Commission of an alternative level of bonding, commensurate with the nature

and scope of its operations. 52 Pa. Code §54.40(d). According to the Commission's regulations, the purpose of the bond is to ensure payment of the Pennsylvania Gross Receipts Tax ("GRT") and to ensure the supply of electricity at the retail level in accordance with contracts, agreements or arrangements. 52 Pa. Code §54.40(f)(2). On July 24, 2014, after consideration of formal comments submitted to a December 5, 2013 Tentative Order, the Commission found that requiring an EGS to post a bond or security in the amount of 10% of gross receipts after the first year of operation "may be excessive in relation to the risk intended to be secured, unnecessarily burdening EGSs, and presenting a potential barrier to entry into Pennsylvania's retail electric market."<sup>1</sup> Therefore the Commission announced in the July 24, 2014 Order that it was adopting the policy of accepting Petitions by EGSs to reduce their level of bonding/security after the first year of operation to 5% of the EGS's most recent 12 months of gross revenue or \$250,000, whichever is higher. In addition, the July 24, 2014 Order delegated authority to review uncontested requests for a reduction in the level of bonding to the Bureau of Technical Utility Services.<sup>2</sup>

3. Previously in a Petition dated February 3, 2017, ENGIE Resources filed a security reduction petition to reduce its security with the PaPUC from 10% to 5% of the Company's then most recent twelve (12) months of revenues. This reduction was granted by Secretarial Letter. ENGIE Resources' annual security is due to be renewed on April 19, 2018.

4. Based on the July 24, 2014 Order, the Code, the Commission's regulation at Section 54.40(d) and the following supporting material, ENGIE Resources respectfully requests

---

<sup>1</sup> *Public Utility Commission Bonding/Security Requirements for Electric Generation Suppliers; Acceptable Security Instruments*, Docket No. M-2013-2393141 (July 24, 2014) ("July 24, 2014 Order") at 10.

<sup>2</sup> July 24, 2014 Order at 12-13.

that the Commission approve a reduction in its security requirement to 5% of its most recent 12 months of gross revenue.

**II. Information Provided in Support of Bond Reduction Request**

5. This Petition includes Confidential Attachments 1 through 5. Confidential Attachment 1 provides ENGIE Resources' gross revenues for the sale of electricity to retail customers in Pennsylvania for the most recent twelve (12) months.

6. Confidential Attachment 2 is a placeholder for the Tax Status Letter of Good Standing that has been requested by ENGIE Resources from the Pennsylvania Department of Revenue ("PaDOR"). The Tax Letter of Good Standing will be supplied as a supplemental filing to this request as soon as it is received from PaDOR.

7. Confidential Attachment 3 documents ENGIE Resources' full compliance with the requirements of the Alternative Energy Portfolio Standards ("AEPS") Act. This attachment shows compliance for energy year 2017 by the Pennsylvania AEPS Administrator.

8. Confidential Attachment 4 is proof that ENGIE Resources has prepaid gross receipts taxes in March 2017.

9. Confidential Attachment 5 is proof that ENGIE Resources is current in its assessment obligation to the PaPUC for regulatory expenses.

10. Based on the foregoing information, ENGIE Resources requests that its bonding requirement be reduced to 5% of its most recent twelve (12) months of gross revenue. This amount is reasonable and satisfies the requirements of Section 2809(c) of the Public Utility Code ("Code") and Section 54.40 of the Commission's regulations. 66 Pa.C.S. § 2809(c); 52 Pa. Code § 54.40.

**III. Relief Requested and Conclusion**

11. Based on its standing as an EGS licensed to do business in Pennsylvania, the Commission's regulations and the July 24, 2014 Order, ENGIE Resources respectfully requests that it be authorized to amend its current bond security on file with the Commission to 5% of its most recent twelve (12) months of revenue. Upon approval of this Petition by the Commission, ENGIE Resources will submit a new bond in this amount that also complies with the Commission's bond requirements for EGSs listed in Section 55.40(f) of the Commission's regulations. 52 Pa. Code §54.40(f).

Respectfully submitted,

Dated: February 1, 2018
