Alan J. Yost 16154 Little Rd Stewartstown Pa. 17363

2. My interest in this project is as

a land owner and farm operator

3. The grounds for our protest of this proposal:

The Power line would restrict my options for farming
this ground by limiting what crops and varieties could
be grown. We offer ~~air~~ Aerial spray crops
with fungicides which can't be done near the lines
it would affect much more than just the right
of way. Also drones are in our future and the
same would apply.

4. This directly affects me by

Its proposal also takes out woodland which
is important to the environment, and is used for
hunting, firewood etc.

WHEREFORE, Alan J. Yost respectfully requests Pennsylvania Public Utility Commission to investigate and the filing, and strongly impose a condition that all other existing rights of way and infrastructure should be utilized before any new power line projects are approved, and **the Commission should deny the Transource filing.**

Respectfully submitted,

Signed: Alan J. Yost
