PROTEST

Pursuant to 52 Pa. Code Sections 5.51, *et seq.* and 66 Pa. C. S. Sections 1101, *et seq.*,

GREGORY J GOSS [Protestant, or party filing the Protest] files this

Protest to the Transource Filing Docket No. A-2017-2640195. In support of this Protest,

GREGORY J GOSS avers as follows:

1. The name and contact information of the Protestant is as follows:

GREGORY J GOSS phone - 443-504-4577
289 LEIB RD NEW PARK PA 17352

2. My interest in this project is as

THIS PROPOSED PROJECT WOULD CROSS FOUR
SEPARATE PARCELS OF LAND IN NEW PARK PA.
OWNED BY GREG AND MELANIE GOSS

3. The grounds for our protest of this proposal:

I protest to this project because any benefit that it may present does not even come close to the overall costs it will incur. The benefit to cost is very low. Moreover, the damage to the farmland (much of which is preserved, woodland, wildlife, especially stream health, and farming environment) is irreversible.

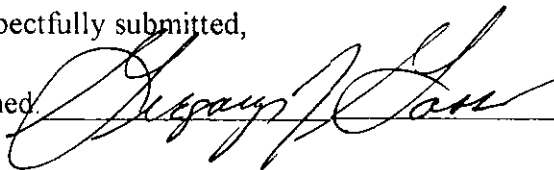

4. This directly affects me by

From my front porch I can clearly see 15 monopoles which are under capacity ending at the same destination. This new line intersects the 4 parcels of land. Most of my property is has Federal and State preservation. This will forever alter and limit my farming operation. This will greatly diminish my property value. Two parcels are for my children to raise their family next to the family farm. Philip and Leah have no interest building their home and raising their family under dangerous high power lines. These are 50 Acre Agricultural parcels purchased for the purpose of a small family farm. Approval of this project will many years of dreams and plans.

WHEREFORE, GREGORY J Goss respectfully requests Pennsylvania Public Utility Commission to investigate and the filing, and strongly impose a condition that all other existing rights of way and infrastructure should be utilized before any new power line projects are approved, and the Commission should deny the Transource filing.

Respectfully submitted,

Signed
