B. Licensor is willing to permit Licensee so to enter upon and use the Premises upon the terms and conditions of this License.

NOW, THEREFORE, in consideration of the covenants, promises and agreements herein contained, and intending to be legally bound, the parties agree as follows:

1. Grant of License. Licensor, to the extent it has the power, title and right to do so, hereby grants Licensee a License granting Licensee the right to enter onto the Premises for the purposes of constructing and maintaining a ten (10) foot wide asphalt trail within a twenty five (25) strip of ground for use by the general public for hiking, biking, jogging and walking (the "Trail"), under and subject to all easements and restrictions of record or to which a survey or personal inspection might reveal.

2. Use of the Premises. Licensee shall use the Premises and Trail in a manner acceptable to and approved by Licensor. Licensee's use of the Premises shall not interfere with Licensor's full use, operation and maintenance of the Premises for its corporate purposes. Licensor reserves the right of continuous access to and from Licensor's Facilities located upon the Premises and property adjacent thereto. Licensee shall not permit the Premises, or any part thereof, to be used except as herein specifically provided. Licensee shall notify and warn the public that use by the public of motor vehicles of any kind on the Premises is prohibited, and that the use of the Premises is limited to hiking, biking, jogging and walking.

3. Public Relations. Licensee shall be responsible for handling all complaints and concerns of the adjoining property owners and others regarding the construction, use and maintenance of the Trail.

4. Leases and Licenses. Portions of the Premises may be subject to existing leases or licenses granted by Licensor. Licensor will notify those tenants that their leases or licenses are affected by this License. Licensee shall discuss its use of the Premises with the existing tenants of the Licensor and resolve any concerns with such tenants in a reasonable and timely manner. Any damages to crops or other property of such tenants or future tenants caused by Licensee or others shall be the sole responsibility of Licensee.

Such design factors shall include, but are not limited to, signs, barricades, and deflectors around obstructions such as towers, poles and guy wires. Licensee shall be solely responsible for the design of the Trail and all improvements but shall submit such designs for review by Licensor in accordance with Section 8.
