

Petition To Intervene DATE: 2/5/18

Rosemary Chiavetta, Secretary PA Public Utility
Commission Commonwealth Keystone Bldg.
400 North Street

Harrisburg, PA 17120

Supchapter G, for Approval of the Siting and
Construction of the 230 kV Transmission Line
Associated with the Independence Energy
Connection-East Project in Portions of York
County, Pennsylvania

Re: Application of Transource Pennsylvania,
LLC Filed Pursuant to 52 Pa. Code Chapter 57,

Docket No. A-2017-2640195

PETITION TO INTERVENE

Pursuant to 52 PA Code § 5.71, *et seq.*, Valerie Dorn hereby files this Petition to Intervene in the above-captioned proceeding. In support thereof, Valerie Dorn submits as follows:

1. The name and contact information of the Petitioner is as follows:

Valerie Dorn
8358 Blue Ball Rd
Stewarts town, PA 17363.

2. My interest in this project is: I board my horse at Muddy Creek Meadows in Airville Pa. a farm that is in the direct line for the Transource power line project. .

3. Existing participants in the filing may not understand: The dangerous atmosphere high voltage lines create in a horse riding stable with trails that So many people ride their horses on. This stable houses over 60 horses, Presently, a wonderful place to ride with lots of trails for our horses. It's a proven fact that they shoot off stray voltage. It's not safe to ride in areas where horses with metal shoes would get shocked. Many Amish buggies get shocked with the existing lines we have in this area as they ride down the roads. Southern York County is polluted with other lines of this type.

PA PUC
SECRETARY'S BUREAU

4. The action of this Commission will stop the riding stable from providing a safe environment for our children to participate in the sport they love. I hope you will consider that there are other options to fulfill the need Transource is requesting, there are underutilized towers existing practically parallel to the lines they want to install. This is slated as a market efficiency project, no one in Pennsylvania and Maryland is going without electric!

WHEREFORE, Valerie Dorn respectfully requests Pennsylvania Public Utility Commission to investigate and the filing, and strongly impose a condition that all other existing rights of way and infrastructure should be utilized before any new power line projects are approved, and the Commission should deny the Transource filing.

Dated: 2-5-18

Respectfully submitted, [Signature of Protestant] _____

Valerie Dorn
