PETITION TO INTERVENE

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

Pursuant to 52 PA Code § 5.71, *et seq.*, Caroline Winkler, hereby files this Petition to Intervene in the above-captioned proceeding. In support thereof, Caroline Winkler submits as follows:

1. The name and contact information of the Petitioner is as follows: *Caroline Winkler* of 625 Alum Rock Road, New Park, PA 17352
2. My interest in this project is as a resident of Fawn Township York County.
3. Existing participants in the filing may not understand:
 - a. As a renter the proposed power line could put me and my family in harm's way possible creating health issues to us and our pets.
 - b. This project will end up causing a rate increase in my electric bill.
 - c. There are other existing right-of-ways available that could be used to accommodate any need power lines.
 - d. We have rented this property for several years because it provides us with quite scenic surroundings and the feeling of good health all that would be taken away which would force us from the home we enjoy.
 - e. Farm land is needed to insure jobs for farmers and helpers as well as provide for the overall insurance of supply and demand. This project threatens all of these mentioned areas causing concern for all.
 - f. Much is being given up with nothing in return. There is no benefit for me or this community.

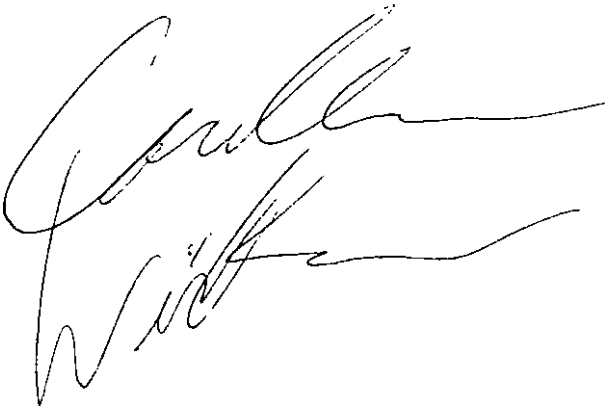

4. The action of this Commission will:

- a. Cause loss of jobs. Fewer people will be needed in farms due to loss land and market business
- b. Loss of money to the farm businesses that depend on market business or other venues that attract people to farms i.e. horseback riding, hiking, picking vegetables or fruit.
- c. The loss of valuable farm land.
- d. The loss of people willing to live here due to the possibility of health issues and the loss of scenic surroundings.

WHEREFORE, Caroline Winkler respectfully requests Pennsylvania Public Utility Commission to investigate and the filing, and strongly impose a condition that all other existing rights of way and infrastructure should be utilized before any new power line projects are approved, and **the Commission should deny the Transource filing.**
