Re: Broker Requirements

Dear Apollo Edison LLC:

PECO is aware that Apollo Edison LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Apollo Edison LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Apollo Edison LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers, and will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Apollo Edison LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided Apollo Edison LLC or the creditworthiness requirement for PECO's exposure to Apollo Edison LLC changes in the future, PECO reserves the right to require Apollo Edison LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Respectfully submitted,

Carlos P. Thillet
