Response of PECO Energy Company
To Interrogatories of the Bureau of Technical Utility Services
Energy Industry Group

Docket No. R-2018-2646697

TUS-1. Reference Response to 52 Pa. Code, Section 53.52(a)(8) - Please explain how the 180 day timeframe with a 180 day extension was determined.

TUS-1 Response

PECO reviewed the application termination timeframes previously adopted in seven states (as detailed in PECO's response to Section 53.52(a)(8)). Out of the seven states reviewed, PECO determined the following:

- 3 states utilize a 1 year timeline
- 2 states utilize a 180 day up to 270 day timeline
- 2 states utilize a 2 year timeline

Accordingly, five out of seven states incorporate a termination deadline that expires nominally within a 1 year period. For all intents and purposes, PECO is proposing a 180 day up to 1 year timeline; a comprehensive hybrid model, which incorporates a termination deadline that expires nominally within a 1 year period.

TUS-2. Reference Response to 52 Pa. Code, Section 53.52(a)(9) – Applicant must provide this filing to all solar stakeholders that may be affected by this change. Please provide a copy of the notice along with the distribution list for these entities.

TUS-2. Response

See TUS-2 Attachment 1 for a copy of the notice used to inform all solar stakeholders of PECO's Tariff Electric Pa. No.5, Supplement No. 59 filing. See TUS-2 Attachment 2 for a copy of the distribution list used for providing this notice to the solar developers.

IMPORTANT NOTICE: Proposed PECO Net Metering Application Process Change

RE: PECO Net Metering Electric Tariff Filing Supplement

Dear Liz,

PECO has submitted a filing with the Pennsylvania Public Utility Commission (PUC) establishing an expiration date for level 1 and level 2 residential interconnection applications.

The filing proposes that effective April 20, 2018, applications shall be valid for a period of 180 calendar days from the date PECO approves them. Requests for extension can be made in writing or via email to PECO no less than 30 days prior to the original application expiration date. PECO will notify developers and installers at least 45 calendar days prior to an application expiring.

The complete filing can be found [here](#).
