To Whom It May Concern:

This letter is in reference to Docket C-2017-2625526.

We have received your complaint about the lack of evidence of our insurance. We apologize that this has occurred and the length of time that it has taken us to reply. Our company renewed the liability and cargo insurance through our insurance company in the beginning of August of 2017. We did not have any lapse of time with no liability and cargo insurance. We informed our insurance company of these complaints and forwarded all of the information to them. They told us that everything was taken care of and that is why we felt like no further action was necessary. We would ask that this complaint be closed.

We have also received the cancellation notice issued on January 16, 2018. I have spoken with our insurance company and they have informed me that all of the proper paperwork was filed with your office. Also, I have spoken with your office and they informed me that all of the proper paperwork is on file in regards to our insurance. So, we believe that this cancellation was filed in error as all of the evidence for our insurance has been submitted. We would ask that this cancellation would be withdrawn.

Sincerely,

Denis Ryabyy  
General Manager
