Docket No. A-2012-2294551

Attachment

12. Operational Information:

1. The miles of main has decrease from last year due to Sharp Energy using a GIS program to more accurately track our systems. Additionally my initial filing had the miles of main higher. I entered that number in error.

2. The County change was an error in 2016. It is easy for me to follow the row across the column and end up in the wrong county. This system has been in Chester County from 2012 on our first PA Act 127 report however I must have mistakenly entered the information in Clearfield County in 2016. I will use a straight edge from now on to ensure I do not enter the miles of main in the wrong county from now on.
