Subject: complaint C-2018-3000964 NICKS TOWING AND TRANSPORT

4/18/2018

ATTN;
MICHEAL L. Swindler, DAVID W LOUKS

This letter is in response to official complaint against myself and my business. Please be advised that on or about Feb 5th, 2018 our business vehicle had a catastrophic mechanical failure which has us to make a decision that it was time to cease operation, due to cost of repairs and forthcoming expenses, slow down of business. As of that date Feb 5th, 2018 we closed our business and contacted the financial institution who held title to vehicle, we were still insured up to that point. We did not operate without any insurance and said equipment has been returned to bank and sold. There has been a delay getting you this information due to myself starting a new job. I did call in and speak with Tatiana and she explained what I need to do to hopefully resolve this issue. At this time, we have no plans to restart this business, if there is anything additional needed please let me know. I am also mailing copies in to you and Rosemary Chiavetta

Respectfully yours

Nicholas Popchuk
