Docket A-2012-2293330**

Pennsylvania Public Utility Commission,

On April 10, 2018 we received a data request (The Notice) regarding our Act 127 Report Operator Annual Report Form. The Notice requested explanations of differences between 2016 and 2017 calendar years.

Provided in Attachment A - WFS is a detailed response to each of the differences in The Notice. We will note here, that the changes were caused by class location changes, minor mapping system changes or new pipe being installed. Between last year's report and this year's report, the stationing of a line between Luzerne and Wyoming counties was corrected as well.

If you have any additional requests regarding this notice, please do not hesitate to contact me by phone, mail, or email.
